MRS. YOUNG SPEAKS TO GARDEN GROUP

Rural Women Meet To Form
Club in Pleasant Twp.

Mrs. Florence Young of 341 Mt. Vernon avenue was guest speaker at the organization meeting of a community garden club in Pleasant township Monday afternoon at the home of Mrs. Dale Lawrence of the Smelter road. Mrs. Young outlined briefly the purposes of a garden club and gave a few pointers on organization.

A contest will be held to select a name for the club and the person suggesting the winning name will be given a prize at the next meeting.

Officers elected to head the group are Mrs. Glenn Hawk, president, Mrs. Ralph Williams, vice president, Mrs. Thad Kuenzi, corresponding secretary, Mrs. Madeline Seiter, recording secretary and Mrs. Paul Augenstein, treasurer. Meetings will be held once a month from February to October inclusive. Mrs. Emerson Ditch of Canaan place will be hostess for the next meeting on July 21. Mrs. Leslie Bumpel and Mrs. Fred Leffer will serve as color-bearers. Refreshments will be served by the hostess assisted by Mrs. Seiter and Mrs. Hawk.

PLAN 4-H BALL GAMES

Plans were made to schedule softball games with other 4-H clubs at a meeting of the Pleasant Corners Monday night at the home of Joyce Klingel. The group of Joyce Klingel would consist of Marion Business included plans for selling refreshments at the community picnic to be held during the summer. The health yardstick and other health activities were discussed and a discussion also is held on the junior and senior camps. Mrs. Carl Hutterer, club advisor talked on club projects and a social hour was in charge of Shirley Klingel. The next meeting will be with corresponding secretary, Mrs. Clara Mae and Katherine Ruehrmünd.

Uncle Sam's Flier in Movies Is Farce (Not So Funny) Comedy

By FREDERICK C. OTTUM
United Press Writer

WASHINGTON, June 25.—To meet Uncle Sam in a movie is to find a comedy of the first order. Moneybags behind the production of a high-class comedy movie.

Uncle Sam and I hope Hollywood is taking notes on my tale as the nation's most famous flier in a comedy of the first order. Found himself at the controls of the basic machine, plant outside of Las Vegas, Nev. As far as the eye could see, stretched the mighty wings of the mills and the war-horse, from which spewed the

metal that did so much to lick the Japs.

So vast was the \$135,000,000 enterprise that it included a whole new city, named Henderson. Uncle tried to sell his magnesium works, but nobody seemed to want it because of the high cost of electricity to turn its wheels.

Upkeep Is High

Through his war assets administration, Uncle sought then to rent his factory to folks who could use at least part of it; after all, he was spending \$200,000 a month just to guard it and provide running water to the residents of Henderson.

A brick company rented a piece of the plant. So did a jewelry maker and a brewer of caustic soda.

Along came the agents of Allied Production, Inc., of New York, light looked as good to them as California's. They sold Uncle on the idea of giving a 35-year lease on a large segment of the works as a movie studio.

Uncle put his name on the dotted line. Allied Productions, Inc., moved in a load of costumes for the first of its epics and sent out half a dozen men to get film production started. They settled down in rented houses at Henderson.

First inkling Uncle had that all was not well at the studio came when the six movie makers fell behind in the rent on their bungalows. They seemed to be broke.

The U. S. senate by now was wondering out loud about Uncle's flier in the art of the cinema. How much money, demanded Sen. Homer P. Ferguson of Michigan, was Allied Productions, Inc., paying Uncle in rents?

Sensory Curious

The war assets boys said not a cent, because the lease called for payments only when actual movie making began.

"Why not?" asked Sen. Ferguson.

Well, sir, said Uncle, he'd tried and he'd tried, but he couldn't find Allied Production, Inc. It had no office, no phone, nothing except some costumes and six hungry caretakers at Henderson.

"H-m-m-m-m-m-m," the senator said.

Gen. Robert Littlejohn, head man of the WAA, was wondering a few days later what to do about the movie business, when up came a fellow who said he was the lawyer for Allied Productions.

He reminded the general that the lease was a legal document. If the corporation gets around to making a movie (and this may take 25 years), the government will get its rent money. He suggested in the meantime that Uncle, as landlord, keep his hands off the costumes stored in the Nevada studios of his firm.

Take it away, Hollywood. Lights! camera! roll 'em!

YOUR HEALTH

By HERMAN RUNDSEN, M.D.

Constant Coughing

BRONCHIECTASIS is a disorder of the bronchi or tubes in the lungs. In this condition, the bronchi are dilated or enlarged and there are inflammation and destruction of tissue.

This is a hard disease to live with, causing almost constant coughing, with the bringing up of much sputum or fluid material from the lungs together with occasional bleeding. It is doubly unfortunate that most of its victims are young, because it saps strength and energy and paralyzes ambition.

Causing prolonged and recurrent sickness, it is a drain on the patient's finances and limits his social activities. For these reasons and because it interferes so greatly with normal living, Dr. Osler A. Abbott of Georgia believes that every possible effort should be made to prevent bronchiectasis.

Its exact cause is not known but it is thought that perhaps the contagious diseases of childhood, such as measles and whooping cough, particularly where they are complicated by pneumonia, may sometimes be responsible. Long, continued infection of the nasal sinuses is another cause.

Since there is no form of treatment which will permanently overcome bronchiectasis, it is doubly important that it be discovered early, and measures be employed to prevent further damage to the lung tissues from coughing.

It would seem important that the patient be given a bronchoscopic examination. This is done by using an instrument made up of a tube with lights, which can be passed directly into the bronchi. In this way, the physician can inspect the tissues to determine if there is any condition present within the bronchi which may be relieved. At the same time, it is possible to suck out secretions and to use various chemical substances which may shrink the lining membrane of the bronchi. Often with this type of treatment, there is great improvement in the symptoms.

The most important form of treatment for bronchiectasis is what is known as postural drainage. This is done by having the patient lie over the edge of the bed with his hands resting on the floor, so that his chest is lower than the rest of his body. The patient then takes a half dozen deep breaths and then coughs, thus loosening the secretions and permitting them to drain out. This is continued until no more secretion can be brought up.

Most Amputees Find Place in Civilian Life

By HAL BOYLE
Associated Press Writer

MARE ISLAND, Calif., June 26 — It pays to rebuild war-damaged veterans — to make part-men whole again.

The Navy has figures to prove it, based on 2,000 amputees who have passed through its rehabilitation centers at the Mare Island navy yard here for veterans who lost arms and legs in combat.

"We have found that 90 per cent of the men trained here to use artificial arms and legs are employed and have made a readjustment to civilian life," said Commander Thomas J. Canty, of Milwaukee, Wis., officer in charge of the amputee center.

"About five per cent are having difficulties and require further hospital treatment. The remaining five per cent are failures — men who simply have given up."

Canty said that each failure would represent a lifetime cost to the government of \$70,000 to \$100,000.

Money Well Spent

"So it has proved well worth while to the taxpayer," he said, "to spend the few thousand dollars necessary to rehabilitate the average amputee and restore him to a productive place in civilian life."

"Aside from the financial aspect, of course, this training gives him back his life—his self-respect. And our boys are doing well in every walk of life."

A former Marine major who lost a leg in air combat is running an air line in southern California. A legless Marine sergeant is studying agriculture in a Texas college. A Marine private who lost a leg above the knee is a bulldozer. They are typical of the amputee school graduates who are making good.

Because civilian manufacturers were unable to supply them with the quality of artificial arms and legs they felt were necessary, Navy officers set up their own factory here. Now it is the largest in the country.

Started After Civil War

"The artificial limb business in America really was begun by amputee veterans after the Civil war," said Commander Canty. "And since then only minor improvements were made."

By substituting aluminum for

steel and plastics for wood, the Navy has managed to build a more flexible artificial leg and cut the weight from 12 to 15 pounds down to five to seven pounds. The lighter leg is less tiring and can be worn hours longer. A late model now being experimented with even is strapless—suction holds it to the leg stump.

"Through mass production we've cut the cost of making an artificial leg to \$73.18," said Canty. "In small commercial shops it would cost \$250 to \$300."

The new legs emit no embarrassing creaks, and are well-balanced. The old model artificial foot made of wood with a split toe has been replaced by one that has a wooden base, felt toe and sponge rubber sole—to reduce jarring.

Inventive Sailer Aids

The improvement in artificial hands has been even more noteworthy, thanks partly to an ingenious new device by an inventive sailor who permits pulley-controlled metal fingers to grip and flex like a human hand. The metal fingers are covered by a glove-like plastic which the eye can hardly tell from flesh.

"We even put hair on the back of the plastic hand to make it look more lifelike," said Canty.

Each artificial leg and arm is individually tailored to the patient by the surgeon and limb fitter. The whole staff is particularly proud of one young veteran who had lost both legs below the knee in combat. He quickly learned to dance as well as walk on his two new legs.

"Then," said Canty proudly, "he went out and won a jitterbug contest."

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause passing backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 18 million of kidney troubles flush out poisonous waste from your blood. Get Doan's Pills.

Procy like

SELECTION of General Eisenhower to become Columbia university's president in 1948 will deprive the Army of one of the most popular officers ever to rise to chief of staff. It marks one of the very rare occasions on which a military man has been called to head other than a military school. The only other who comes to mind is Robert E. Lee, who after the Civil war became president of Washington college, now Washington and Lee university.

Like his brother, Dr. Milton S. Eisenhower, Kansas State college president, General Ike will be an educator. The nation will wish him well when he undertakes his new assignment, certain he will be available for advice and service if the occasion arises.

Ohio's Vacationland

UNKNOWN to many Ohioans, a summer vacationland is being developed as a valuable byproduct of the Muskingum watershed conservancy district. Bounded roughly by Akron on the north, Marietta on the south, the Ohio river on the east and Newark on the west, the project primarily was conceived for flood and erosion control and water conservation. But as the clear, sparkling lakes have taken shape and thousands of acres were planted in trees, the area's future role as Ohio's vacationland has assumed increasing importance.

The 14 dams and 10 permanent lakes comprise a development of surprising scope and beauty. With \$600,000 made available for recreational development, boat docks and an inn are planned at each lake. Cottage sites are available for lease along 355 miles of shoreline. The lakes have been stocked with fish and all kinds of wildlife is thriving in some 13,000 acres of forest which is being further developed by the planting of more than 20,000,000 trees.

Ohio generally is thought of as a state from which vacationists come. The development of the Muskingum lakes will make it a vacationland in its own right.

"The Voice" Gains Volume

HOUSE passage of the bill authorizing the "Voice of America" broadcasts is another indication this important activity will be continued. The fact that the senate appropriations committee has approved \$11,500,000 for the broadcasts, more than double what was originally planned, is a further sign congressmen have been impressed by Secretary Marshall and others who urge continuing the broadcasts.

There are hundreds of thousands of people in the world who believe Russia defeated Japan single-handed. They also hear, either from broadcasts, or second-hand from others who hear them, fantastic and palpably false stories of life in America. "The Voice of America" is our one opportunity to present our case in many parts of the world.

Granted some of the programs may have utilized inept ideas which displeased congressmen, granted the broadcasts cost plenty, if we are to try to sustain half the world while it endeavors to get back on even keel, we ought to be able to explain the kind of people we are and why we are doing what we are.

New Slant on the Poll Tax

THE poll tax is in the news again with the decision of the house Republicans to seek passage of a bill abolishing it. As in past years, the measure probably can get past the house, but southern Democrats in the senate will be prepared to talk into next year to prevent passage.

Congress never has treated the poll tax as a social issue. Rather it has been a political weapon. Threats to use it have held southern Democrats in line, and now they are to be chastised with it because they helped sustain the veto of the Republicans' tax bill.

There is one variation in the theme this year. Republicans frankly admit the bill is a retaliatory measure for lack of cooperation on the tax bill. Admission that the bill isn't the product of the noblest humanitarian motives introduces a new slant in politics. Can it be the federal trade commission's truth-in-advertising campaign is having an effect on politicians?

Henry Pops Off

H. L. MENCKEN, the Baltimore apostate, for years has posed as a road-show version of George Bernard Shaw, issuing ill-tempered dicta on any and all phases of American life. But now he goes too far beyond the bounds of good taste by announcing: "I'm in favor of a war and I hope it starts soon."

He continues: "Look at the soldiers' wives—what a time they have while the men are away! Got rid of them for a few years. Sure some got killed. A lot of poor fish get killed in automobile accidents, too."

News Behind the News

By PAUL MALLON

Will Clayton Crowd Seas Aid Goal Blocked.

WASHINGTON, June 26—The

Will Clayton crowd in the state department were scared away from their original European aid-trade track when Republican Foreign Leader Vandenberg and Herbert Hoover said, "Let us look at this thing from a nonpartisan angle, through a Republican controlled congressional committee investigation." This week Truman got around to appointing a supposedly nonpartisan, competitive investigating committee. Statesmen generally conceal their actual plans behind headline smoke-screen, which they employ publicity agents to send up. It is difficult to tell what actually happened from viewing the smoke, but certain hot fires are revealing.

The old Ben Cohen New Dealers wanted to get away from a multi-billion aid program for Europe. They talked of five billion for the next three or four years in addition to the 17 billion dollars we have already poured in. That State Secretary Marshall said at Harvard that we had no open-ended cornucopia to play Lady Bountiful endlessly made no difference to them.

Boring From Within

They have been boring from within to let Clayton ascertain how much self-aid could be provided in Europe. We were to provide the bulk of the rest. Indeed, they were trying to press Truman into calling a special session.

A Parachute Free With Every Purchase?

More and more department stores are reported adding a line of airplanes.

Any day now, I expect to pick up the paper and find a full page ad—"Our Annual Summer Clearance of Monoplanes—No Phone or Mail Orders, Please."

One knew aviation had made tremendous strides. But who thought the world ready for the over-the-counter airplane?

It will be hard on the sales girls, having to break themselves of the habit of asking "Shall I wrap it, madam, or will you wear it home?"

There are already enough hazards in the average bargain basement. But just wait until determined lady shoppers start taxiing the marked-down models up and down the aisles to find the flaws.

One thing about it, the complaint department won't be bothered with dissatisfied customers coming in to say a wing dropped off at 30,000 feet.

I guess we'll get used to it. But it'll seem kind of startling for awhile, hearing the elevator girl sing out—"Fifth floor... ready-to-wear, yard-goods and helioplans!"

New Labor Board Suggested

By WALTER LIPPMANN

WE NOW have a labor law which the President, who must administer it, has said is unworkable and unjust. Therefore, if the results are as bad as the President predicted, his Republican and Democratic opponents on this issue will say that he caused the law to fail, that he encouraged resistance to the law and did not administer it sincerely.

If, on the other hand, the law works out better than he says it will, he will have refuted his own arguments for vetoing it.

A dilemma of this kind, when so much is at stake as in labor relations, could not be posed in Canada, Great Britain, or in any country which has a democratic government. There would be a new administration, once the legislature had expressed itself as decisively as did the Congress in overriding the President's opposition. A new administration headed by Senator Taft and Representative Hartley, and composed of men who believed in the law, would take office and administer it.

There would then be no confusion of responsibility about its success or its failure. Mr. Truman would be out of office, free to hold Taft accountable for the consequences of Taft's law. But under our system Taft is still in the opposition, free to hold Truman accountable for the success of the law that Taft wrote and Truman denounced.

Weakness Illustrated

In saying this I am not supposing that our presidential system can or will be altered, and a system of parliamentary government put in its place. There are enormous advantages in our system, not the least of them being that we are used to it. But every system of government has its disadvantages, and there is no doubt that President Truman's dilemma illustrates sharply the greatest weakness of our system.

It is that when the people decide to change the direction and policy of the government, it takes them several years to change it. It takes them two years to change the House of Representatives, four to change the executive, and it may take as much as four to change the Senate. During the period of change when one party is coming into power by installments and the other is going out of power by installments, authority is divided. There is an interregnum.

Mr. Truman is president during such an interregnum, and his position is all the worse in opposing the will of a Congress, which was recently elected by the people, because he happens never to have been elected president of the

sion of congress the beginning of September to handle the program.

Clayton is much of a New Dealer himself. While he is the world's largest cotton broker and, therefore, superconscious of British markets, he is unlike the New Dealers mainly in insisting on adding things up. He is the American leader on the U.N. economic council and heads the American delegation to the forthcoming trade organization meeting. He is not at all Republican on such subjects as the tariff. He was supposed to tell us how much the project will cost Congress (the Republicans). The administration could work out an aid-trade program all by itself.

In all this personal political edge-stealing Gen. Marshall has been in a somewhat detached category. His thinking is spurred largely by his newly created Foreign Policy Planning Commission, organized within the state department. Reporters call it "a room, a table and five chairs" because that is all they see of it. But Marshall is working closely with his g h q group of economic and supposedly objective thinkers. They have not been assigned any definite political character. He has apparently screened their offices from political influences.

Source of Control

But, of course, all are more or less directly controlled by the Truman over-all influence, which, in turn, has shown evidence of being influenced increasingly by the CIO-PAC, or the Cohen or New Dealer, leftist theories of spending and giving away.

On the Republican side, there will be no denying that a trend toward revival of isolationism is evident. Events have pressured this. Seeing the New Dealers coming forward to dispense a bounty which does not exist, and preparing to force a new European issue before the country on a wholly unrealistic, idealistic, cloud-soaring plane, the isolationists are coming forth from the political grave to which they were assigned by the complete co-operation and nonpartisanship of Truman-Republican collaboration on foreign affairs. This revival will no doubt continue and grow stronger, until the administration collaborates.

Indeed, one reason why Mr. Truman's White House advisers have been inclined to counsel against a special session of Congress is that it would start this old fight and put isolationism back on its feet. The international bookkeeping and financial situation today is heavily discouraging to advancing New Dealism. Official figures show we have put 17 billion dollars into Europe since the end of the war. This includes British loan, UNRRA, army expenditures, Greek-Turk aid, etc. We have only demands for more. Yet we cannot spare ourselves a four-billion-dollar tax cut from war duties. Instead we are actually, in a way, sending coals to Newcastle.

It was Saturday, June 26, 1937. In a ceremony as private as their romance was quiet, Mary Pickford became the bride of Buddy Rogers in a garden ceremony at the home of Mr. and Mrs. Louis D. Lighton, friends of the couple, in Hollywood. The guest list numbered 14.

Charles W. Mapes, 75, of South State street, well known retired livestock dealer and farmer, died in the City hospital.

Ralph Roseberry had to don a bathing suit and wade and swim a half mile to do his morning milking chores. The three Roseberry cows were marooned on a little plot of high ground by back waters of the Little Scioto river.

Miss Ruth Moore of Westerville was the guest of her grandmother, Mrs. B. F. Shurz of West Church street.

Mr. and Mrs. L. A. Axe and Mr. and Mrs. M. E. Baldwin returned from Cleveland, where they attended the annual convention of the Ohio State Automobile association.

It was Sunday, June 26, 1927. Safe-crackers raided the offices of the Harry Bornheim produce store on North Main street and the Standard Oil Co. on Campbell street. They were believed to have been the same men who, two days before, opened the safe in the office of the C. W. Lefter & Son building supply yards on North High street. In the Sunday night burglaries the loot amounted to \$75 and a .38 calibre revolver.

Marion Company No. 15 and Superior Company No. 4 of Willard, Uniform Rank, Knights of Pythias, initiated a class of candidates at a meeting of the Sixth Regiment, Ohio Brigade, in Plymouth.

Mr. and Mrs. Carl Riemen-schneider of Cleveland were guests of Mr. and Mrs. A. Schrader of East Center street.

One Man's Opinion

Pittsburgh is experimenting with lady traffic cops. . . Every male driver is straightening his tie in anticipation of being asked to pull over to the curb.

But women should make good traffic cops. They have long experience in telling men when to stop.

It's just going to be difficult to get accustomed to a cop who shrieks, "Where do you think you're going . . . to a fire sale?"

But the fellow who blames all traffic unctions on women drivers can now add the attractive cop on the corner to his malcontents.

Things could be worse . . . An astronomer reports there is no weather on the moon. That cuts the moon boys down from two to one subject of conversation.

We would miss weather as a conversation opener. If we didn't have any fellow who now says "Well, it's a nice day" could only say, "Well, it's another day." How far could you pursue that?

Tinker to Evers to Chance

By JOSEPH and STEWART ALSOP

WASHINGTON, June 26—The

condescension that Wallace "honest though confused," was taking "sharp issue with the concept of a trend towards a third party." In a remarkable example of Marxist double-talk, the Communist leaders decided that Wallace "must be shown" that his "orientation and activity cannot make serious headway unless the trend towards a progressive regrouping in the Democratic party is accelerated by the growth of all independent labor, progressive organizations and activity outside of and quite independent from either of the existing major parties."

This sentence, when carefully parsed means simply, "Use Henry." There is plenty of evidence that this also has been accomplished.

Jokes Not There Long

The gentlemen who attended the party plenum also wanted to use the crusty Harold Ickes, but this inevitably misfired, and Ickes shortly resigned his chairmanship of Iccap. Yet the plenum planners are evidently effective men. Naturally they did not dream up their plans all on their own. This had already been done for them at the seventh congress of Moscow's Communist International.

The congress, considering "cardinal questions of the United States of America," plumped for a new American "mass party of toilers."

The new party was not to be overtly Communist. But above all, in the words of the report of the congress, it "must not be anti-Communist." Henry Wallace himself has made it clear that his new party will carefully eschew "any hysteria of red-baiting."

All this adds up to an odd little game of Tinker-to-Evers-to-Chance. No one, of course, is fool enough to suppose that the woolly-headed Wallace is consciously playing the Communist game, or that he takes secret orders from the Communists in smoke-filled hotel rooms. Most observers believe that the correct line merely permeates gently down to Wallace through the strange group of professional joiners, united fronters and misty-eyed do-gooders who make up the peculiar political vaudeville team which now controls the Wallace thought process.

On this team are such characters as Raymond Walsh, a frustrated operatic baritone who has found a substitute for opera in the grating politics of the extreme left; Michael Straight, amiable and sincerely idealistic angel of "The New Republic"; and Harold

The Once Over

By H. I. PHILLIPS

Letters for Special Delivery

PRESIDENT HARRY S. TRUMAN

Washington, D. C.

DEAR HARRY:

In all the recent doings over the labor tax bills a speech you made at a conference highway safety got sidetracked. But it put finger definitely on the main reason why so much cocked driving in this country is so flabbergasting. Poneer driving license laws in enforcing them are chiefly to blame, just as you pointed out. Any nitwit can get operator's license and even the few stupids placed on his behavior at the wheel are rarely enforced.

This second annual conference on why motor car is tolerated on the street in America drew a lot of officials from all parts of the country. There were dinners and luncheon and solemn sessions and many speeches. A lot of time was had by all and the pictures are out good.

The delegates are now all back home, whether all the recommendations subscribed will be marked "file and forget" remains to be seen. Personally I am betting on it, as to screwball system of licensing idiots, motor cracks and playful killers has been in existence ever since the first auto hit the roads.

"In too many cases," you said, "the license laws are nothing more than revenue measures and their administration a travesty on public safety." Harry, my boy, in all your papers at take a long search to find one sentence which the whole truth was put so simply just goes to show how straight a man can be when he is in no danger from political attack.

All a man, woman or child has to do to get into a car makes wrong-way turns, cut corners, chase pedestrians up alleys, tear off fences, knock over baby-carriages and plunge through store windows is to take a quickie road test, any, and pay the two or three dollars, a killing permit. The state automobile departments, the police and the courts then enter a beautiful friendship dedicated to the fact that if the driver becomes a public menace he must never be punished beyond telling him that there is no Santa Claus.

It is impossible for anybody to stand anywhere on any road in America for half an hour and not see a brand of screwball driving right out of the madhouse manual. As you say, "We are dealing with a national disaster. The fact that most of this death and destruction could have been prevented intensifies the tragic nature of the problem."

You add, "The situation obviously cannot be permitted to continue indefinitely." Wanna be? You closed your address by saying that progress is highly satisfactory and "I am confident" conference's work will be fruitful? Well, I have my doubts, Harry. I will bet you a new hat more maniacs will do their stuff behind the wheels of autos this year than ever, and a vigorous administration of automobile law will continue to be almost invisible. Our governors, motor vehicle commissioners, and licensing authorities are great talkers, especially at convention.

Yours with bombers fore and aft,

ELMER

Modern Alice

"The time has come," the wallace said.

Jim Farley says that in all his years of association with the fortunes of F.D.R. he was never invited to dinner at the White House or invited to stay over night. How about a new title for a book, "My 12 Years Outside the White House?"

Or "Through the Roosevelt Years with I on the Windshield."

A T & T stock has fallen to the lowest in some years. Can it be that talk is falling off in the country?

Beds Are Folding

By TRUMAN TWILL

The Twillery has acquired a new challenge in the outdoors style—a super-contraption of tubular steel and springy cushions, with a pair of wheels to carry it where the user wants to be.

These chaises are now a standard time of summer furniture and in due time will have an effect on living habits. The effect, as we've been musing about it (while lying on the chaise) will be concerned chiefly with the disappearance of beds.

The only reason for beds was to have a place to lie down during the era when it was unseemly to lie down on any other piece of furniture. Besides, the bed was the only comfortable place of furniture on the place.

Chairs and divans of a generation ago were instruments of torture, cruelly designed to break the back, cut off circulation in the legs and add the occupant wide awake, lest he fall off or break his neck. It takes only a casual observer of old-fashioned furniture to note that it was not admired for its carving and upholstery, never for its comfort.

A bed—any bed—was preferable to the chairs, divans, couches and so on which cluttered the premises, waiting for sufficient time to turn them into antiques. Even the original chaise longue, which the ingenious Frenchman invented as a substitute for going to bed when nothing to brag about for comfort because they tried to make it look like a chair.

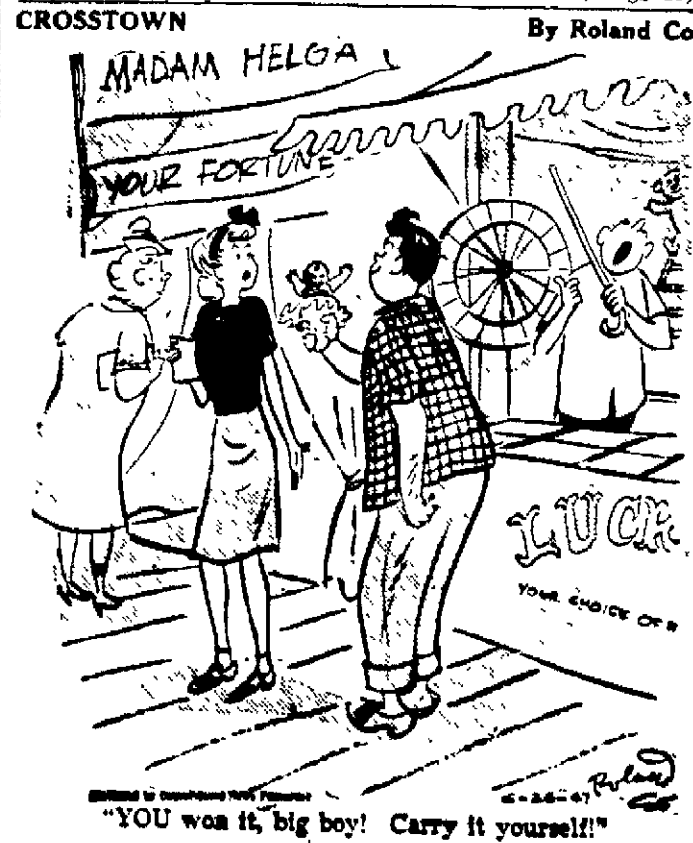

Things are better now. The Frenchman's "chair" has been made comfortable and the door model mounted on wheels to give it mobility. The indoor model, while still lacking mobility, is just as comfortable and usually more attractive in coloring.

Beds are beginning to be unnecessary instruments of representing a place to retire to for comfort, they have become in some instances more comfortable than the chaise longue already being occupied. It is only a matter of time until beds will be done away with altogether, also bedrooms.

Well-appointed houses will be full of chairs, chaises, reading chairs, snoring chairs and sleeping chairs. No longer will their occupants be obliged to go to their beds at bedtime; they will stay where they are.

This will revolutionize living habits and architecture. It will do away with most existing furniture. Most of it unsuitable for sitting will be discarded. The chaise longue of the future will be equipped with built-in radio, small motorized drive and lower the back and will be equipped with their own heating systems, for cold nights.

Our advice to investors is not to buy stock in bed companies unless the companies are equipped to convert 100 per cent to production of chaise longues on a minute's notice.

"YOU won it, big boy! Carry it yourself!"

DECISION DUE IN FIVE DAYS

Herbert Must Determine What Action To Take on Van Aken Bill.

By The Associated Press.
COLUMBUS, O., June 26—With five days remaining before he must sign, veto, or ignore the Van Aken labor control bill Gov. Herbert today gave no hint of what ultimate action he intends to take on one of the 97th general assembly's most controversial pieces of legislation.

The critics were Ohio's top labor leaders; the supporters, industrialists, Chamber of Commerce members and Rep. William R. Van Aken (R-Cuyahoga) who authored the enactment, passed in the final hours of the legislative regular sessions.

Opponents, headed by William Lavelle of the Ohio CIO Council and Thomas J. Duffy of the Ohio Federation of Labor, assailed the bill as "discriminatory," "unworkable" and "ambiguous."

They said that it would add little to the Taft-Hartley national labor law.

Noted Hair and Scalp Practitioner Recommends Simple, Sure Way To Help KEEP HAIR HEALTHY

Harsh shampoos often lead to serious scalp disorders. Their alcohol, alkali or acid ingredients remove too much scalp tissue (dandruff) leaving the scalp needlessly exposed. Unlike ordinary shampoos, Dr. Shiffer's Special 101 Formula Shampoo was developed for use in his professional hair and scalp treatment. It completely removes dirt, dandruff, scalp secretions and surface bacteria... yet is gentle enough for a baby's scalp.

A few drops work up into a rich lather in hard or soft water, rinses easily and leaves the scalp refreshed and clean. For addition protection between shampoos Dr. Shiffer's Hair and Scalp Conditioner is recommended.

At all drug and department stores. If you are not completely satisfied, return the unused portion direct to Dr. Shiffer and he will refund your money immediately.

Sales Tax Receipts Higher During Week

Sales of prepaid sales tax receipts in Marion county for the week ended June 7 amounted to \$17,011.40, a gain of 38 per cent over the collection for the like week last year, \$10,439.18, the office of Don H. Ebricht, treasurer of state, reported. Collections to date amounted to \$296,124.23; last year, \$229,043.72.

Collections on the tax stamps throughout the state for the week ended June 7 added up to \$2,449,526.07, while the figure for the similar week last year was \$1,992,202.83. Collections to date were \$43,058,936.36; last year, \$35,459,282.14.

Counties around Marion listed the following figures on sales of tax stamps for the week ended June 7, and for collections to date, with those for last year in parentheses:

Crawford, week ended June 7, \$1,475.67 (\$674.63); collections to date, \$152,105.60 (\$161,501.41). Delaware, week ended June 7, \$4,321.15 (\$2,737.49); collections to date, \$91,646.36 (\$95,480). Hardin, week ended June 7, \$5,557.45 (\$4,025.79); collections to date, \$104,615.52 (\$85,503.05). COLUMBUS, O., June 26—The large colored billboard which tells residents of Ohio's state capital: "For a better Indianapolis, elect William H. Wemmer, mayor, Republican," drew a word of explanation from a Fort Wayne, Ind., advertising firm last night. W. Frank Welch, president of the Intercity Company at Fort Wayne, said the same crews post billboards in Indianapolis and Columbus and "they probably got the signs mixed." He added: "I hope they haven't got a Columbus candidate's sign in Indianapolis."

rector of the Ohio Retail Merchants association, spoke for the measure. Sheridan sent a statement that was read into the record of the hearing, terming the measure "the first time a labor code fair both to employers and to employees" had been enacted in Ohio. He added that the "merit of claims of labor law violations will under this law be adjudicated in local courts of Ohio rather than before kangaroo courts of the national labor board."

The Firestone Rubber Company's CIO Workers were represented by Isaac H. Watson of Akron, who declared that it was the unanimous opinion of the 13,000 rubber workers that no new labor laws were needed in the state.

After T. J. Price of Columbus, secretary of district 1, United Mine Workers, said the Van Aken bill was "ruinous to labor," Herbert asked him if the mine workers were responsible for the present walkout of miners.

"It is my opinion," Price replied, "the men just walked out because of their bitterness and disappointment over enactment of the Taft-Hartley law."

Price criticized in particular the ban against political activity, stating that he had spoken against Gov. Lausche in the last campaign and wanted the "right to speak against you (Herbert) for reelection if I think it is necessary."

Newspaper Advertising Efficiency at New Peak

Social Affairs

MRS. MARION P. WIAIT, a recent bride, and Miss Marilyn Sletvold, a bride-elect, were complimented with a luncheon held Wednesday afternoon at 1:30 o'clock at the Greenwood inn. Miss Ruth Ann Abel and Miss Marilyn Beal were co-hostesses.

Mrs. Wiait before her marriage was Miss Maryanna LaPierre, daughter of Mr. and Mrs. Alfred LaPierre of East Center street.

Miss Sletvold, daughter of Mr. and Mrs. Edward E. Sletvold of 722 Mt. Vernon avenue, will become the bride of Robert E. Pocock, son of Mr. and Mrs. Paul C. Pocock of 514 Vernon Heights, Saturday afternoon.

Each of the honored guests was presented a gift.

The tables were decorated with floral arrangements of delphiniums and roses and blue candles with lighted pink tapers.

Other guests included Mrs. George Smith, Miss Ann Schaffner, Miss Mary Jane Llewellyn and Miss Margaret Hegg of Fargo, N. D., who is to be one of Miss Sletvold's attendants.

A REPORT on the national convention held June 13-15 in Cincinnati was given by Mrs. E. L. Hall of 581 North State street. Decorations were in pink and white, and featured a birthday cake with candles. Guests included Cara Mae Merriam, Patsy Ruhl, Judy Morris, Nancy Suzanne and Judy Kay, appointed a public affairs and education committee. Serving on that committee will be Miss Rosaline Manzo, Mrs. Wilfred Brunner and Mrs. Robert Messenger. Miss Marjorie Smith, an inactive member, who is attending school in Syracuse, N. Y., and is now home on vacation, was present.

The next meeting will be July 8 with Mrs. C. A. Nelson on West Church street. A social party next month will be a picnic July 22, the place to be decided later.

A miscellaneous shower complimenting Miss Mary Connor of Marion, a bride-elect of the month, was held Tuesday evening at the Manor House. Following dinner, games and contests were played with awards going to Miss Genevieve Weaver and Mrs. Mary Carpenter. A musical program consisting of several piano selections was presented by Mrs. Arthur Parratt. Guests included Miss Connor, Mrs. Parratt, Mrs. Norma Diener, Mrs. Carpenter, Mrs. Viola Case, Mrs. Ruth DeSanto, Mrs. Elsie Gerstenlauer, Miss Weaver and Misses June Evans, Dolores Orth, Ellen Currey, Mary Jane Eddy, Ruth Postell, Esther Orth, Donna Schnitzler, Donna Price, Eula Rhoads, Esther Virden, Virginia Osborne, Frances Reynolds and Gertrude Lewis.

Weddings

The home of the bridegroom's parents in Columbus was the scene of the wedding Sunday, June 2, of Miss Edith Louise Noggle, daughter of Mr. and Mrs. Percy Noggle of 561 Mount street, and Robert R. Livingston Jr., son of Mr. and Mrs. R. R. Livingston of 1236 Wyandotte road. The single ring ceremony was read at 2:30 o'clock in the afternoon in the presence of 50 relatives and friends by Dr. Carroll Lewis, superintendent of White Cross hospital.

The bride chose for her wedding a white summer wool suit with which she combined navy blue accessories. Her corsage was of two lavender orchids surrounded by yellow roses. Her only attendant was Miss Mary Ann Johnson of Columbus. She wore a black suit with white accessories and a corsage of yellow roses and shattered carnations.

Serving at best man was James Renz of Columbus. For her daughter's wedding Mrs. Noggle chose a black crepe dress with matching accessories and a corsage of pink roses. Mrs. Livingston was attired in a black and white print dress with red accessories and a corsage of red shattered carnations.

Following the ceremony an informal reception was held on the lawn at the home. The bride's table was centered with a three-tiered wedding cake topped with white carnations decorated the tables.

For her traveling costume Mrs. Morehart wore a white crepe dress with a royal blue printed skirt with which she combined brown and white accessories. A white picture hat completed her costume.

Mrs. Morehart was graduated from St. Mary High school and attended Columbia University. Mr. Morehart was graduated from Harding High school, served more than three years in the armed forces and is now associated with the Equitable Life Insurance Co.

Weddings

(Continued from Page 8)

The wedding trip through the western part of Ohio and are now making their home at 283 1/2 South State street. The bride's gift to the attendant was a strand of pearls, and the bridegroom gave the best man a key chain.

Mrs. Bailey is a graduate of Marion High school with the class of 1945 and is employed in the office of Watrous-Andrews Insurance Co. Mr. Bailey was graduated from Harding High school in 1940 and is now employed in the office of the parts department at the Huber Manufacturing Co. He served in World War II with 30 months overseas in the Pacific.

Announcement is being made here of the marriage of Miss Barbara Jean Strahan, daughter of Mr. and Mrs. J. M. Strahan of Wayne, Neb., to Warren H. Callahan, son of Mrs. P. F. Callahan of 286 Leader street. The ceremony was read June 21 in the Presbyterian church in Wayne.

The organist, Mrs. John T. Broder, played an organ prelude, and accompanied Mrs. Mary Reynolds of Fremont, Neb., who sang "At Dawning" and "Because."

The bride, given in marriage by her father, was attired in a white tulle dress styled in the Victorian mode with a wide train on which white tulle flowers were appliqued. The same flowers accented the front of the bodice, and the full skirt extended into a long train. Her long veil of silk illusion was held in place by a tiara of crystallized orange blossoms. She carried a prayer book topped with a white orchid with streamers.

Attending the bride as matron of honor was her cousin, Mrs. Donald F. Strahan, and bridesmaids were Miss Marion Vath and Miss Catherine Cavanaugh. They wore yellow net dresses, matching mitts, and carried old-fashioned nosegays of daisies and yellow roses. The candles were lighted by Mrs. Aldon Sederberg and Miss Mildred Ringer of Wayne, who wore yellow gowns.

Serving as best man was Aldon E. Sederberg of Wayne, and ushers were Donald F. Strahan and Richard T. Claycomb, both of Wayne.

For her daughter's wedding Mrs. Strahan chose a gray crepe dress with a drape front with which she combined black accessories. Her corsage was of Callisman roses. Mrs. Callahan

was attired in a navy blue dress with white accessories and a gardenia corsage.

A reception for 150 guests was held in the church social rooms following the ceremony. The bride's table was centered with a three-tiered cake surrounded by a garland of yellow roses. After the ceremony the couple left on a wedding trip to Chicago and will later be in Marion.

Mr. Callahan, who served four years in the Army Air Corps, will enter Ohio State university in the fall in the school of architecture. He attended Nebraska State Teachers college at Wayne two years. Mrs. Callahan, who will teach freshman composition in the English department at Ohio State university in the fall, attended Nebraska State Teachers college and the University of Nebraska at Lincoln. She has taught journalism and English in the high school at Fremont, Neb., for two years.

Attending the wedding from Marion were Mrs. Callahan, mother of the bridegroom, and his sister, Mrs. Virgil Barkley. The bridegroom's brother-in-law and sister, Mr. and Mrs. Harry

Her and son, Jimmy, of Mansfield, were also present.

Mr. and Mrs. Ernest Herr of Pleasant acres are announcing the recent marriage of their daughter, Lois Irene, to Charles E. Alexander Jr., son of Mr. and Mrs. Charles E. Alexander of Green Camp.

The ceremony took place June 7 at Polkston, Ga. Attendants were Miss Dolores Alexander, sister of the groom, and Alvin Dumber of Jacksonville, Fla. The newly married couple spent two weeks in Florida before returning.

The bride, a graduate of Pleasant High school, is a nurse at Sawyer Sanatorium. The groom, a graduate of Green Camp High school, has served five years in the Navy with two years' service overseas.

Marion Couple Find Life Enjoyable In Postwar Germany

Life in post-war Germany isn't so very different from life here, according to letters received by Mr. and Mrs. J. C. Thompson of 379 West Columbia street from their son-in-law and daughter, Capt. and Mrs. Albert A. Saddler, who are stationed in Berlin.

Recently the couple have been on a three-week vacation trip through Bavaria in the Alps mountain region and sections of Germany including Berchtesgaden where Hitler had his "eagle's nest" and one of his homes.

In the most recent letter received by the parents, Mrs. Saddler speaks of having a garden from which they have been eating radishes, onions and turnip greens. Her flower garden includes a few roses, lots of pansies and other flowers I don't know the name of.

She also speaks of their week-end activities which include trips to a nearby lake in a sailboat. The trips which are usually with other couples, start Saturday afternoons and last until Sunday with each couple taking a picnic lunch.

The letter was continued through the first part of their vacation in Bavaria and Mrs. Saddler spoke of fishing "without luck" one day, stating that they could see large fish swimming around but "they just wouldn't bite for anything."

Other descriptions given in the letter concerned an ice show they had seen staged in a Spanish type building where the roof could be rolled back in fair weather and where the dance floor could be rolled out for dancing following the ice exhibition.

Mrs. Saddler, the former Juanita Thompson, served overseas from 1943 as a nurse in England, France, Holland, Belgium and Germany and was married in Belgium Jan. 28, 1946, to Capt. Saddler, son of Charles and Rose Saddler of Columbus, Ga. A former lawyer, Capt. Saddler now is a member of the secretariat of the public safety committee of the public safety government for Germany. He directly participates in implementing public safety policies affecting all of Germany.

CLUB ELECTION HELD

What could you buy with the profit

ON A TON OF STEEL?

A NEW AUTOMOBILE?

A SHIRT?

A RADIO?

THE ANSWER IS "a shirt, if it cost less than \$4.00."

From 1939 through 1946, including the war years, the average profit of the steel industry was 4.4 cents on the sales dollar.

Average profit per ton of steel shipped during those war years was less than \$4.00 per ton.

Since 1939, average wholesale prices of commodities have increased 94 per cent. However, the average price of steel today (less than 5 cents a pound) is only 33 per cent above 1939.

CHECK ON COST RISE DEMANDED

CIO Calls for Action To Prevent Collapse of National Economy.

WASHINGTON, June 26—The CIO asked congress today for immediate action to prevent "collapse of our economy."

It declared that thus far "there has not been a single step" to check rising living costs.

Instead, the CIO contended, congress has "worked in the opposite direction."

The labor organization urged immediate creation of a federal investigation board with the job of shedding light "upon the unwarranted levels of many prices." It said that "by the use of public pressure and exposure of profiteering, we may be able to force lower prices."

And, the CIO added, it "increased foreign demands (for food, clothing, and machinery) and crop failure continue."

The CIO representative said the CIO has been held down by Emil Rieve, a CIO vice president, in a statement prepared for the joint congressional committee on President Truman's economic report. This group, which also came in for sharp criticism by Rieve, is studying suggestions on how to stabilize the nation's economy.

Rieve reviewed "trends in our economy" which he said are "steps on the road to collapse." He cited "high prices, exorbitant profits, inflation, savings by low income individuals, the shift to consumer loans, and the reduced purchasing power of the mass of American consumers" he added.

"Whether the collapse comes within a period of six months or in a shorter or longer period of time cannot be predicted with any degree of accuracy."

Urges Action at Once
"But it seems to me that the factors on the unfavorable side are so great and of such tremendous magnitude that steps must be taken immediately by this joint committee in carrying out an economic program which will promote maximum employment production and purchasing power."

Senator Flinders (R-Vt.) suggested today that President Truman urge voluntary meat rationing to help check what the lawmaker called a "really serious" living cost spiral.

The Vermont senator told a reporter that flood damage to the Midwest corn crop apparently has smashed hopes that food prices might turn downward soon. Instead, he said, they almost certainly will go up.

Flinders is a member of the joint congressional committee on the economic report which is studying proposals on how to keep the American economy on an even keel.

Mrs. Cecil Garce, 20, Of Pharisburg Dies

Special to The Star
DELAWARE, June 26—Mrs. Georgiana Mae Garce, 20, wife of Cecil Garce of Pharisburg, died in San Antonio hospital in Kenton at 10 last night following an illness of a week.

Born July 4, 1926, she was a daughter of Mr. and Mrs. Owen Griffith. She was a member of the Pharisburg Methodist church. Union Amends Rules To Comply with Law

By The Associated Press

CLEVELAND, June 26—A constitutional amendment designed to put the actions of union stewards into harmony with provisions of the Taft-Hartley act has been adopted by the International Ladies Garment Workers Union (AFL).

The amendment clarifies stewards duties and restricts them to "day-to-day dealings with employers," stipulating they have no authority to "initiate or make policy or bargain concerning terms of employment."

The change was intended to clear the union of any liability under the act, should stewards engage in unauthorized activities.

The union's convention also approved a constitutional amendment granting specific authority to the international union, its local, joint boards, departments and their officers to settle grievances.

This move was made to comply with a recent ruling by the U. S. supreme court that a union had no authority to settle grievances unless its constitution specifically granted the authority.

Another constitutional change was one banning the use of union funds by any officer or committee in favor of one candidate or another in any union election.

2 More Ohio Mines
Closed in Protest

By The Associated Press

BELLAIRE, O., June 26—Two more Ohio coal mines were closed today, leaving only four in the eastern fields still in operation. All the Hocking Valley producers west of here were shut down already in the protest walkouts over the Taft-Hartley bill.

A 40 per cent steel slash and a 20 per cent reduction in iron and pig iron production in the Youngstown Sheet and Tube was accompanied by curtailed production of both iron and steel by Carnegie-Illinois.

The mine workers union start a 10-day holiday tomorrow at midnight and there was slight chance any would return to work until after their vacation period.

Workers Called Out In Shipyard Strike

By The Associated Press

NEW YORK, June 26—Repair and construction work in ten shipyards, nine of them owned by the Bethlehem Steel Company, shut down today as the industrial union of Marine and Shipbuilding Workers (CIO) ended more than 40,000 repair and construction workers on strike.

The strike against the Bethlehem Yards, which were building or overhauling more than 60 vessels, was called one minute after contracts expired at midnight. The Atlantic Basin Iron Works in Brooklyn joined the strike at 5 a. m. today.

Picket lines were established at the yards a short time after the strike deadlines but the union agreed to permit maintenance and security staffs to work.

While union officials scheduled further conferences today with the Todd Shipyards Corporation and the Federal Shipbuilding and Dry Dock Corporation, they have predicted the strike would spread early next week to include all yards, except Navy, on the east and gulf coasts. The yards employ more than 100,000 men.

Green Rejects Plea For General Strike

By The Associated Press

WASHINGTON, June 26—AFL President William Green today rejected pleas from member unions for a general strike in protest against the new Taft-Hartley labor union control law.

Green called presidents of the AFL's 105 unions to a conference in Washington July 9. He told reporters, after an emergency meeting with resident members of the AFL's influential executive council that he thought it "unwise and inadvisable" to bow to telegrams and letters from unions throughout the nation asking that a general strike be called.

"Instead, we are going to fight the measure in the courts and seek to maintain our rights under the bill in negotiations with employers," Green said.

CITY, RURAL AREA AGREEMENT SEEN

By The Associated Press

CINCINNATI, June 26—Urban and rural Ohio may try to solve their differences at a conference in Cleveland next month.

And if the cities can obtain the understanding and cooperation of the rural areas, it won't be necessary to engage in a troublesome and expensive campaign for constitutional amendment, according to Mayor Carl W. Rich of Cincinnati.

The cities, miffed at what they considered bad breaks from the Ohio legislature in its recent session, formed the Ohio Association of Cities at Toledo on Tuesday in an attempt to do something about it. Rich was named chairman.

The cities had talked of campaigning for re-apportionment of the legislature, and changes in the way distribution system.

But Rich reported today "a very nice spirit" evidenced in his contacts with rural representatives, and said a rural-urban conference probably would come first.

The meeting, he said, likely will be in Cleveland on the day preceding a City Association meeting yet to be called.

"We hope to meet monthly," the mayor said. "Also, we'll meet in the various cities from time to time, and thus get first-hand familiarity with one another's problems."

Lewis' 400,000 soft coal diggers don't work without a contract.

Landis told a reporter today he is convinced the contract deadlock could be broken if the operators would agree to:

"A 5 cents a ton royalty for the welfare fund."

"A seven-hour day plus an hour's portal-to-portal (travel) time, instead of the present eight-hour day and an hour's portal time."

"The safety code the miners now have in their contract with the government."

"Of course," Landis added, "they would have to pay a decent wage, too, but the wage issue isn't much of a barrier."

MAYOR CURLEY LOSES JAIL TERM APPEAL

By The Associated Press

WASHINGTON, June 26—Mayor James M. Curley of Boston lost today his appeal for suspension of a six to 18 months jail sentence on mail fraud charges, and must serve it.

Denying the appeal Justice James M. Proctor said "I regard the case as ended as far as the court is concerned."

The judge denied a plea of defense attorneys that the 72-year-old mayor be given a few days to clear up pressing municipal matters.

Curley, the judge declared, can settle the handling of any immediate city matters "with his keepers."

Defense attorneys told the court that a jail sentence at this time might well have a "fatal termination," but Proctor was unmoved.

Then Curley's attorneys asked that the mayor be permitted to say a few words to the court.

The judge declined their request, saying "I do not think any good purpose would be served by further statement to this court."

Youth Fined \$15 For
Violating Garbage Law

Edward G. Reese, 19, of 233 Reed avenue was fined \$15 and costs in municipal court today after pleading guilty to charges of hauling garbage on the city street and dumping it inside the city.

The charges were filed by Police Chief William E. Marks after the police arrested Reese, accusing him of dumping garbage on a lot near 593 North State street yesterday afternoon. A city ordinance prohibits dumping garbage inside the city and a state statute prohibits dumping along a highway. Chief Marks said.

Crawford Co. Farm Tour Set

Plans Announced at Meeting of Soil Conservation District Board.

Date of the Ohio State university farm tour for all residents of Crawford county has been changed to Monday, August 11, it was announced following a meeting Tuesday night of the Divide Soil Conservation district board of supervisors in the district office in the postoffice building at Bucyrus.

The tour, for which plans are being made by Russell Miller, Crawford county extension agent, is sponsored by the extension service, the board of supervisors, and the U. S. soil conservation service.

The possibility of afternoon and evening "open house" visits to Crawford county farms on which conservation practices have been established was discussed by H. E. Hecker of Mt. Gilead, U. S. soil conservation service district conservationist, and John S. Baker, U. S. soil conservation service farm planner for the Divide district. The visits were tentatively set up for the last of July and early August.

Farm Plans Approved
Farm plans developed by Mr. Baker and Paul Gorbey, U. S. soil conservation service conservationist for the district, in cooperation with the farmers, were approved by the board for the farms of Mrs. Matilda Ross and Edwin Ross of Lykens township, Elmer Scheff of Dallas township, and Robert Lawrence of Bucyrus township. Plans bring approximately 680 acres of Crawford county land under soil and water conservation practices.

Preliminary surveys of drainage problems on the Grau ditch in Bucyrus township and a ditch in the New Winchester area, prepared by George L. Sherman of Dallas township, and Robert Lawrence of Bucyrus township, were approved by the board. The board also accepted applications for preliminary surveys of drainage problems in Auburn, Bucyrus, and Dallas townships.

Applications Accepted
Applications for assistance in establishing soil and water conservation practices, presented by the Lykens veterans' training group and A. J. Young of Tod township, were accepted.

Chairman Homer Swallow reported to the group that the Good-Year Tire & Rubber company will sponsor a conservation contest open to supervisors on all boards of districts in Ohio.

Woman Rescued From River Near Newmans

A Marion woman, believed to be around 70 years of age, was rescued from the Scioto river near Newmans shortly after 8:30 o'clock last night by W. A. Everett, who lives nearby, and later was returned to her home by the sheriff's department.

She had gone to Prospect earlier in the evening and was walking towards Marion when first seen by Mr. Everett who was sitting on the porch. She was found in the river by Mr. Everett who became alarmed when she disappeared shortly after he had seen her on the highway at a point where the river is quite close to the pavement.

After pulling her from the water she was taken to the Everett home and the authorities summoned. Relatives thought she was attending a picture show. It is believed the woman was temporarily deranged or ill.

HOSPITAL PATIENT KILLED BY SCALDS

By The Associated Press

CLEVELAND, June 26—A 62-year-old patient at Cleveland State Hospital died last night of scalds received when another patient, Dr. Maurice B. Gordon, clinical director of the hospital, reported today.

Coroner Samuel R. Gerber ordered homicide detectives to conduct an investigation into the incident, in which two other patients were scalded seriously.

The incident occurred early Sunday morning, Dr. Gordon said. He identified the dead man as Mark Lombardo. Dr. Gordon said a second patient, Moses Maxwell, 65, was in critical condition and was not expected to live. A third patient, whose name was not available, was reported in serious condition.

Dr. Gordon said he would welcome an investigation by police and termed the affair "negligence on the part of a middle-aged ward attendant."

In his report to the coroner, Dr. Gordon said the attack occurred when the attendant failed to lock a shower room door while he was escorting three patients back to their ward.

The service is available in the following cities on the Erie line: New York, Newark, Passaic, Elmhurst, Buffalo, Youngstown, Cleveland, Akron, Pittsburgh and Chicago.

Sees No Need For Ohio Dam

McGregor Says Plans Made 10 Years Ago Now Are Outmoded.

By The Associated Press
WASHINGTON, June 26—Rep. McGregor (R-Ohio) contended today that completion of the Muskingum valley flood control and conservation program eliminated any need for Dillon dam, near Zanesville, O.

In a statement prepared for a house public works subcommittee, McGregor said the project would cost \$20,000,000 as compared with original estimates of \$4,400,000, and a current calculation of more than \$10,000,000.

The subcommittee is considering McGregor's bill to cancel authority for the project, for which the Army engineers have requested \$3,400,000 for the next 12 months.

Rep. Griffiths (R-Ohio), speaking for proponents of the dam, has urged a house appropriations subcommittee to approve the engineers' request despite McGregor's move to kill the project.

Wants Reconsideration
McGregor said he wants reconsideration of a flood control authorization of 10 years ago as it affects Dillon dam.

The engineers included the project as part of the Ohio valley flood control program. McGregor questioned whether it was authorized specifically.

"However, at this time," McGregor said, "we do not feel that it will be necessary to submit full evidence as to whether or not this project has ever been authorized by law. I expect to prove beyond a doubt that this dam, whether authorized or not by law, is no longer necessary."

"His contention," he said, is that the 14 dams embraced in the Muskingum valley system provide all the flood defense that is necessary.

"The picture," McGregor said, "has changed greatly since 10 years ago. Today we have the Muskingum river, above its confluence with the Licking river, completely under control, and the two controlled by Buckeye lake, and the whole watershed now so efficiently controlled that it is an absolute fact that no major flood has existed in Zanesville since the construction of the 14 dams above it."

Backers Appear Today
The subcommittee reserved most of today for witnesses advocating completion of Dillon dam as necessary for flood control and water conservation.

Backed by Rep. Griffiths, these included William M. Corry, manager of the Zanesville Chamber of Commerce, and William M. Curphey, president of the Muskingum Valley association.

Corry and Curphey criticized McGregor for advocating Delaware reservoir, near Columbus, while trying to kill the Dillon project. McGregor contended that Delaware is half completed while actual construction of Dillon has not started.

The hearings opened yesterday with Louis Bromfield, widely known conservationist and author, opposing Dillon dam on the ground it is not needed.

Upper Boy Injured
By Hit-Run Driver
Special to The Star
UPPER SANDUSKY, June 26—Arden Miller, 13, son of Mr. and Mrs. Delma Miller, of Upper Sandusky, was seriously injured Wednesday afternoon when he was hit by a car bearing a Pennsylvania license while riding his bicycle on U. S. 30-N near Stansberry's market, west of here.

The boy suffered numerous severe cuts on his right side and right arm and possible internal injuries. He was treated at the office of a physician here and taken to Mercy hospital, Tiffin, in the Bringman & Co. ambulance.

The driver of the car involved is reported to have turned sharply into the ditch in an effort to avoid hitting Miller and his two companions.

Fire Captain Dies At Cincinnati Blaze

By The Associated Press

CINCINNATI, June 26—Fire Captain Michael J. Gramza, 36, of Price Hill died and several other firemen were overcome while fighting a blaze in a three-story apartment house and a motion picture theater at Fifteenth and Vine streets early today.

A woman spectator collapsed and was taken to a hospital in a coma, after watching the firemen and other persons rescue several families from their burning apartments.

A two-month-old fire truck enroute to the blaze, collided with a beer truck and was damaged. Five firemen escaped injury in the collision.

DR. F. A. STENGEL

Dr. Stengel, treasurer of the A.O.A. since 1928, helped found the Ohio State Optometric Association in 1901. He served on the Ohio state board of examiners in optometry for 12 years and also headed the state optometric group for a number of years. In addition he is a member of the A.O.A. board of trustees. Dr. Stengel established his practice in Marion in 1883, spending several years in Nevada, O., and Altoona and Johnstown, Pa., before returning to his home town.

Union Co. Health Nurse To Quit Post in August

Special to The Star
RICHWOOD, June 26—Miss Olive Sinkey, health nurse for northern Union county, presented her resignation to the Union county board of health when it met last week. Miss Sinkey, who makes her home in Richwood, received her nursing training at the old Protestant hospital, now White Cross hospital, in Columbus. She is one of the charter members of the Ohio State Nurses association which was formed in 1902, and spent many years in private nursing before becoming a public health nurse 25 years ago. Her resignation will become effective Aug. 1.

Stockholder Sees Possible Damage To N. F. in Union.

By The United Press
WASHINGTON, June 26—The interstate commerce commission was urged yesterday to order the Chesapeake & Ohio railway separated from its subsidiary the Nickel Plate, to avoid "irreparable injury" to the latter.

Howard D. McGeorge, a preferred stockholder in the Nickel Plate, made the request to the ICC in connection with a new, closer relationship recently proposed between the C. & O. and the New York Central. The Central and Nickel Plate are competitors.

60c**Pearl Pangborn, Dean of Kent Division Erie Engineers, To Retire June 30**

One of seven brothers who "took to railroading" and to whom railroading "took," Pearl Pangborn of 240 West Church street, oldest Erie railroad engineer and trainman on the Kent Division in length of service as well as in age, will retire June 30.

His record is 42 years' continuous service with the Erie railroad with no time off for illness since 1918. Although he will be 70 years old July 7, he still is capable of doing his work efficiently, and is fascinated with the job of railroading. If it were not for his retirement age, he would very likely keep on working because he is in perfect physical condition. All during the war he worked steadily without vacations.

A native of Bellefontaine, Pangborn started to work for the Erie in Cleveland in the summer of 1898. His run was from Cleveland to Youngstown as a fireman. On Jan. 5, 1899, he went to Galion, with "frons" from Galion to Kent and from Galion to Dayton. He was promoted to freight engineer May 24, 1904. In 1911 he moved to Marion, where he has resided since. For the last eight years he has served as passenger engineer, running from Marion to Kent.

Of the seven brothers in the family, all of whom became railroaders, only Pearl Pangborn and his brother, Manford O. Pangborn, freight conductor, who lives at 305 Girard avenue, are living. Mr. Pangborn attributes his good health and long years of service with the Erie to the fact that he relaxes easily and forgets his job when he leaves his engine. His hobby is fishing, and it will be to this and to driving his car to nearby resorts, and watching his garden grow, that he will devote his time after retiring. His wife is the former Elizabeth Burkhardt. They have one son, Lowell, and two granddaughters, all residents of Indianapolis, Ind.

Pay To Jobless Lower in May

Payments to Unemployed Veterans Also Drops Here and in State.

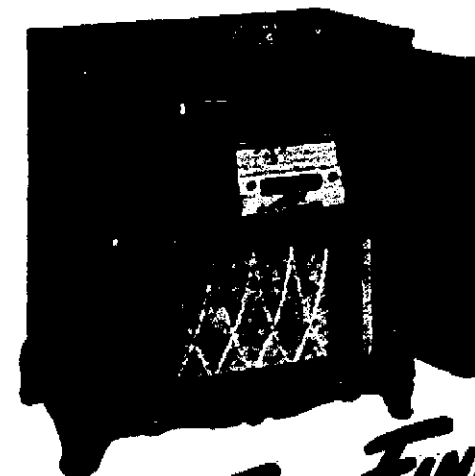

Benefit payments for unemployment issued by the Marion office of the Ohio State Employment service during May dropped nearly one-third from April payments, according to Fred Scherff, manager of the office. Payments to unemployed veterans under the G.I. Bill of Rights dropped 38.4 per cent from April to May. The total amount paid in unemployment benefits during May amounted to \$9,784.72 compared with payments of \$14,715.46 in April.

Statewide Condition
The drop in payments was general throughout the state, according to an Associated Press dispatch from Columbus, which reported that payments generally dropped 18 per cent and that compensation distributed to veterans had fallen off 25 per cent. A total of 44,385 persons received payments during May.

While job placements increased throughout the state for the third month in a row the number of persons receiving jobs through the Marion office remained about the same, 228 persons being assisted in obtaining employment. Of the total 78 persons were veterans and 30 were women. Throughout the state it was reported an increasing number of women were seeking employment, nearly 27 per cent of the total number registered for jobs May 31 being women. At the Marion office the number of women asking for employment increased 68.4 from April to May.

More Without Jobs
Though there was an increase in job placements through the Marion office there was also an increase in the number of unemployed registered here. In April there were 557, and in May the figure rose to 651. At the same time the number of job opportunities dropped 38.6 per cent from April with employers reporting 312 vacancies.

The jump in the number of women seeking jobs locally was believed accounted for by closing of a factory here which employed women workers.

VETERANS' NEWS AND INFORMATION

Prepared by The Public Relations Service, Veterans Administration, Branch Office No. 4, 12 E. Starling street, Columbus, 8, Ohio. Phone Main 6341; Ext. 281.

Admissions To Hospitals In May
 Veterans Administration reported that 2,752 veterans were admitted to its nine hospitals in Ohio, Michigan and Kentucky during May for medical and dental care. During the same period, 2,115 other veterans were discharged from the nine hospitals. Admissions during May were 1,268 in the four VA hospitals in Ohio. The number of discharges included 1,268 in Ohio. June 1 VA was caring for 222 patients in its nine hospitals in the three states, and 4,072 in Ohio. Hospitalization is available for service-connected disabilities for veterans with non-

service-connected conditions may be treated in VA hospital if they are unable to pay for private hospitalization and provided a bed is available which is not required for a veteran with a service-connected condition.

Vets Must Apply For Leave Pay By Sept. 1
 Officials at the Veterans Administration Branch Office in Columbus today reminded World War II veterans in Ohio, Michigan and Kentucky of the Sept. 1, 1947, deadline for filing claims for settlement of unused armed force leave pay. All veterans who have not applied for their terminal leave payments are advised to do so immediately to avoid delays which might result from a heavy num-

ber of applications just prior to the deadline date. Applications for unused terminal leave should be made to the branch of service concerned, and not to VA.

WW I Veterans Urged To Check Insurance Status
 Many U. S. Government Life Insurance policies held by World War I veterans list the names of deceased beneficiaries and should be revised to include new or contingent beneficiaries. There also are a number of World War I veterans in Ohio, Michigan and Kentucky who have no U. S. Government Life Insurance, either because they never applied for it or have permitted their policies to lapse. VA officials said. Many of these veterans are not aware that if they had active service between Oct. 6, 1917, and July 2, 1921, they now may purchase insurance. It now is possible to renew expiring five-year level-premium U. S. Government Life Insurance term policies for another five-year period. Under the law, such policies now may be renewed for a second, third, fourth or fifth five-year period without medical examination. World War I veterans desiring information concerning their government insurance policies should consult their nearest VA office.

VA Pays 265,376 In 3 States For Disability
 Disability compensation and pension payments totalling \$12,734,868 were made by the Veterans Administration during May to 265,376 disabled veterans in Ohio, Michigan and Kentucky, officials at the VA's tri-state Branch Office in Columbus (O.) said today. The total included \$6,172,945 to 128,680 Ohio veterans. VA officials said the amounts represent compensation and pension payments for both service-connected and non-service-connected disabilities incurred by veterans of World Wars I and II and those who had peace-time service.

Repair Service Cards Available To Amputees
 The Veterans Administration Branch Office in Columbus today reminded amputee veterans of World War II of the availability of prosthetic service cards which entitle them to repairs of an artificial limb or limbs at government expense. The cards, upon presentation to any authorized limb manufacturer or repair shop in the United States will enable the amputee

veterans to get immediate repair service up to a limit of \$33 without prior approval of VA. Eligible veterans may apply for the cards at any VA regional, sub-regional or contact office.

Questions and Answers
 Q What income provision is attached to the pension that will get as the widow of a soldier who died in a German prison camp?
 A As the widow of a soldier who died in line of duty, you are pensionable under the law regardless of income.
 Q I divorced my wife on grounds of desertion and would like to know if she can claim part of my pension?
 A The divorce discontinues the marital relationship and your wife could not successfully claim a portion of your pension unless she successfully contests the divorce.
 Q How much is allowed for a child whose father is taking a GI college course? We are married and he claims that he is receiving only \$65 a month.
 A A veteran going to school under the GI Bill, if single and without dependents may receive an allowance of \$65 monthly; if he has a dependent, or dependents he may receive \$90 a month. If the child is dependent on your former husband, he (the former husband) would be entitled to the higher rate.
 Q How long after discharge from the armed services is readjustment allowance available to a veteran?
 A Readjustment allowances are available to an eligible veteran at any time after his discharge or release until two years after the date of his discharge or release or until two years after the official end of the war, whichever is later.
 Q I have a lender who will loan me the money I need under the loan guaranty provisions of the GI Bill, but he wants additional security. Does the law allow him to ask for more security?
 A Yes. This is a matter between you and the lender. While VA does not require that additional security be given, it does not object if the veteran is willing to give it.

FOUR HONORED AT CHURCH GATHERING

Reception, Farewell Held by Prospect St. Congregation.

A combined reception and farewell party was held by the congregation of the Prospect Street Methodist church Wednesday night at the church in honor of the pastor and wife, Rev. and Mrs. Henry Maag, who have returned for another year, and the superintendent of the Sunday school and wife, Mr. and Mrs. Clarence Gompf of the Twin Oaks Trailer Camp, who are leaving in August with their family for Tucson, Ariz.

The farewell message to Mr. and Mrs. Gompf was given by school superintendent. He commended them for their fine work in the church and wished them good luck in their journey. Both gave short responses, and they were presented a gift from the Sunday school.

Rev. and Mrs. Henry Maag, who have been with the church nearly 14 years, were extended a welcome by Bernard Brooks, who presided. Both responded and they were given a gift of money from the church.

Mrs. Maag and Mrs. Gompf were each presented with a cor-

Numbers on the program included a vocal solo by Mrs. Ruth Carr, with piano accompaniment by Miss Frances Hnas, an organ and piano duet by Mrs. Robert Rice and Miss Hnas, readings by little Miss Emily Pride, and a piano duet by Dean Shelton and his mother, Mrs. John Shelton. Several songs were sung by the congregation and player was by Mr. Brooks. Arrangements for the program were in charge of Miss Marian Gooding and Mrs. Bernard Brooks.

Following the program, refreshments, provided by the church board, were served in the church social rooms to the approximately 125 persons present by members

of the sunshine class. The table was centered with a large bouquet of pale roses and the color scheme of pink and white was carried out. Bouquets of garden flowers decorated the room.

Three Car Accident In Traffic Report

An accident involving three cars occurred on Mill street between Main and State Wednesday at 1:58 p. m. While pulling from the curb on the north side of Mill street an auto driven by Frank L. Bruerd of 135 East Farming street was struck by a car driven by Gordon M. Lahr of 593 North State street, police reported today. The Lahr auto was pushed into another car parked at the curb and owned by George R. Longacre of 462 Silver street. The Longacre car was damaged in the left rear wheel and fender while the Lahr auto was damaged in the right front and rear fender and was removed by a wrecker. Bruerd's car was damaged on the left front fender and bumper.

Another accident involving a parked auto occurred on East Center street near Albers Market when a Yellow Cab driven by Edwin E. Griffith of 218 West Center street struck the door of a parked car which the driver opened as the cab went by, the police record showed. The parked car belonged to Mrs. E. M. Keller of Buryrus. The left door of the Keller auto and the right front fender of the cab were damaged. The accident occurred at 11:45 a. m. yesterday.

CHOIR GUESTS AT SUPPER

The choir of Central Christian church closed its season's activities Wednesday night with a pot-luck supper held on the lawn at the home of Mrs. Goldie Swope of 281 Marion avenue. During a social hour, Miss Swope entertained with accordion numbers. Ray Bosh presented, in appreciation from the choir, gifts to the director, George Lane, and to the organist, Mrs. Madge Curl. Mr. Lane will leave next week to attend Columbia university in New York City for the summer. Following the social period, the members went to the church for the last rehearsal until September.

REJECT TWO BIDS ON CITY BALL PARK

Board Acts Unanimously at Meeting This Morning.

All bids for the lease of the Lincoln park ball grounds were rejected at a meeting of the city park commission this morning in the office of City Solicitor Edwin B. Spohn.

The present lease now held by the Marion Baseball Co. operators of the Cubs in the Ohio State league, expires at the end of 1949, Spohn said.

Two bids were submitted to the commission after they were requested in advertising several weeks ago. The bids came from the baseball club and the Safety Cab Athletic company. The Safety Cab firm sponsors the Marion semi-pro football team in the newly formed Inter-State Semi-Pro Football league.

The baseball company asked for a lease for a 10 year period at \$125 per year, payable in advance. They also promised in the bid to spend a total of \$10,000 on improvements to the field and grandstand during the 10 year span. Included in the baseball club's bid was an agreement to furnish adequate liability insurance.

The Safety Cab company bid offered to pay \$150 each year in advance plus one cent on each ticket sold and used during each athletic contest. They wished to lease the park only for the months of September, October and November, which includes the foot-

ball season, leaving the commission free to lease the field during the spring and summer months.

Each bid was accompanied by a \$100 certified check as required in the commission's advertisement.

The three members of the city park commission are Henry Drake, chairman, Leonard Young and Robert T. Mason. The vote on the rejection was unanimous.

Initiation Planned At Eagles Meeting

Two applications for membership were received and plans were made for a class initiation to be held July 2 in honor of Emulation Day when Buckeye Aerie No. 337, F. O. Eagles, met last night. Announcement was made of a list for prospective members and also the entire aerie membership to be held Friday night.

Reports were given on a recent convention by Charles Way, Harold Haughn and Gene Williams. Harry Mounis reported on the progress of the charity fund drive. Four visitors were present from Urbana, Edward Poling, C. J. Schmid, C. W. Schmid and L. C. Hugel.

A smoker followed and refreshments were served with Walter Merrow and Samuel McDougle in charge.

Industrial Films Shown To Foreman's Club

The Universal Cooler Foreman's club held its monthly dinner meeting Wednesday night at Hotel Harding. Harold Roat, president, presided.

As a result of a recent member-

ship campaign, 12 new members were introduced. Present representatives management were G. T. Crenshaw, production manager, R. E. Hunt, works manager, and S. T. Rose, director of industrial relations.

Two films were shown entitled "The Road to Victory" and "Deadly for Action." The first was explained by Mr. Rose, and prior to the showing of the latter picture, F. S. McNeal, vice president and general manager of the Universal Cooler Division of International Detroit Corporation, gave a detailed description of the important points in the film.

Chamber of Commerce Clubs Hold Meetings

Two clubs of the Marion Chamber of Commerce met Wednesday night for an upcoming season. A meeting of the Sales-Ad club was held at Hotel Harding with Leroy Clauer of the Ohio Public Service Co. presiding. R. M. Fox, assistant sales manager of the O. M. Scott and Sons Co. of Marysville, gave a complete outline of his company's policy of placing new names and firms on their mailing list. The next meeting will be held in September when new members will be enrolled.

William Pohler Jr., office manager of the Ken-L-Products division of the Baker Oats Co. was guest speaker when the Personnel club met at Hotel Marion. He spoke on "Quaker's Relations and Provision for Employees." Thad Kuehn of the Huber Manufacturing Co. was chairman. The next meeting will be in August.

Crazy Hat Wins Refrigerator!

One of those "Breakfast in the morning" radio shows came to Capital City last week, and Sarrah Carey won first prize for wearing the craziest hat in the audience. It was a full-sized refrigerator! (The prize, not the hat.)

"Glad they hate of hers paid off at last," says Ed, treating the whole thing like a joke. But you could see he was proud of Sarrah.

From where I sit, there's another thing Ed can be proud of: the way he's put up with those hats of Sarrah's, with never a criticism; just

as she's put up with Ed's pipe and the other little freedoms he enjoys. They've got that refrigerator home now, stocked with beer; and we're going over tonight to drink a toast—not just to Sarrah's hats taking first prize... but to a happily married couple, who've learned to live with one another's differences in tastes—whether it's a taste for hats or beer!

Columbia FEATURES
New Double Shoulders
Designed to Stop Skidding
Extra tread shoulder gives an edge against skidding on curves. Each side of a Columbia tire has an extra shoulder which provides more tire edge to grip the road tightly and prevent skidding. In addition you get truck cord construction, first-line, full-size mold and the best American-made rubber and a big percentage of natural rubber.

18% More Tread Edge
Take the average for the whole tire industry, and Columbia still has 18% more tread edge. And that's a mighty big edge in your favor when it comes to safety. Relax...ride on Columbia Tires!

WORK STARTED ON DRIVE-IN THEATER

Grading of Site North of Marion Under Way.

Grading work is under way and construction is expected to start soon on a 600-car drive-in theater to be built on Route 23 north of Marion. Horace E. Lima, representative of the firm which will operate the theater, said today it is expected construction will be completed in time for an opening about the middle of August. Breaking of ground has been delayed considerably by spring rains.

The theater will be located south of Forest Glen Memorial park in the east side of Route 23. The theater has been estimated at \$75,000. In addition to the structure housing the screen stage will be a one-story concession stand and rest rooms. The screen will measure 40 by 30 feet. Individual loud speakers will be available for each auto parked in the theater area.

WED IN NEW YORK

BUCYRUS, June 25 — Aurelia and Beisheim of Bennington Center, N. Y., and Wallace Bombacher of Bucyrus were married Sunday at Bennington Center. The ceremony was performed by the bride's father, Rev. Arthur Beisheim, a former pastor of Bucyrus St. John Evangelical Reformed church. Bucyrus attendants at the wedding were the groom's sister, Miss Dorothy Bombacher, and Lawrence Hall of Bucyrus. Walter Gladys of Bucyrus was an usher. Other attendants were Mr. and Mrs. W. A. Aussenheimer of New Castle, Pa., both former Bucyrus residents. Mrs. Aussenheimer is the former Betty Carter, Mr. Bombacher is a veteran of the 37th Division with five years' service in the Pacific. The couple will live in Bucyrus.

Race Season Ticket Sale To Be Valuable Aid To Hospital

Heading the committee in charge of the sale of season tickets for the annual Little Grand Circuit race meet which opens here next Tuesday are Mrs. E. G. Siefert, chairman and Mrs. Francis J. Hurst, co-chairman. As in former years the pre-season advance sale is

being conducted by members of the Woman's Board of the Marion City Hospital in the interest of their work at Marion's City hospital.

High hopes are entertained by the "salesmen" in this year's advance sale as an ambitious purchasing program has been anticipated by the board. If the 1947 sale proves successful—and everything depends on that two-letter word "if"—the board plans

minutes mean everything to doctors, nurses and the patient.

To date this year the board has assumed the responsibility of the purchase of needed supplies and equipment for the hospital, totaling more than \$4,000. This includes reading lamps for the rooms, laboratory equipment, an incubator for the maternity ward, walkers, crutches, oxygen tent equipment and other needed supplies.

There will be no sale of books of tickets after the races open July 1, the board members state. The books, containing 18 admissions, sell for \$12 each. The tickets may be used at any time, either individually or in parties and include two race programs for the July 4 holiday, afternoon and night.

The books may be purchased from any member of the board or at the National City bank, Hotel Harding, Hotel Marion and the Market and Lewis store.

This is the new idea in furniture you've been reading about in the national magazines. Permanized Construction—Mengel's exclusive method of prolonging the life and beauty of fine furniture.

Various eras of furniture craft have produced designs of such perfect beauty that it's practically impossible to improve on them. But construction—that's another story! In this 20th Century we have materials and methods the old masters never dreamed of. Mengel Permanized Furniture is a good example—our illustrations show a bedroom group of Modern practical design, exposed parts all solid oak in a Maltese Gray finish. But they can't show how Permanizing keeps joints and veneered surfaces from coming apart in any climate, hot or cold, wet or dry, nor how the light-weight, Permaslide drawers will not stick under any conditions. Many other points of special interest, too—if you'll come in, we'd like to tell you about them.

New Labor Law Takes Different Attitude on Unfair Practices

(This is the third of six stories explaining major points in the nation's new labor law.)

WASHINGTON, June 25—The new labor law says that, from now on, unions as well as management may be guilty of "unfair labor" practices.

An employer can take action to stop some of the "unfair" things and, in some cases, if he is injured by them he can sue the unions for damages.

BROOKS

187 W. Center St.

This is the first time unions have to answer for "unfair" practices.

Under the previous labor law—the Wagner act, which has been in effect since 1935—only an employer could be charged with "unfair" practices.

The new law lists ten "unfair" practices by unions which the government through the National Labor Relations Board (NLRB) can sue in to stop.

The NLRB not only can order them stopped but is required if necessary, to get an order, or injunction, from a federal court to force them to be stopped.

Rank of Suits

Of the ten four are not only subject to such action by the NLRB but an employer, injured by the "unfair" union action, can sue for damages.

Three four are:

1. Jurisdictional strikes—where a union tries to force an employer to assign work to it instead of to another union.

2. Strike or boycott—where a union tries to force a small trader, man like a stockbroker or trucker, to join a union.

3. Strike or boycott—where a union tries to prevent one company from dealing with, or

handling the products of, another 4. Strike to force an employer to bargain with one union if the NLRB has approved another union as the one to bargain with the employer.

Under the Wagner act an employer could be charged with "unfair" practices if he tried to prevent a worker from joining a union, or tried to run them, or fired a man for his union activities.

Nix Unfair Practices

In such cases the NLRB could stop it. Now under the new law, the NLRB can stop it and tell a union to stop it if it commits any of the ten "unfair" practices.

1. Trying to "restrain or coerce" workers in their right to join or not join a union.

2. Trying to "restrain or coerce" an employer in his choice of a union with which to do business.

Example: In some industry a union wants to do business with a group of employers at one time instead of with each employer separately. Under the new law it can't strike to force one single employer to deal with it as part of the group.

3. Refusing to bargain with an employer. A union can't change or add a contract without 60 days' notice. An employer has to bargain with a union, too.

4. Trying to make an employer pay for services not performed. This is aimed at "feather-bedding." That means paying a unionist to stand by while someone else does the work.

5. Forcing an employer to fire a union-shop employee who has been denied membership for any reason except non-payment of union dues or fees.

(A union shop is one where every worker hired must, within a certain time, join the union. Under the new law, once he joins the

Clean Out Flues Good Advice To Lick Fire Hazard

In its campaign to assist the public in a safe fire hazards, the fire department has issued a list of suggestions on how to keep out of the headlines. These suggestions are as follows:

Clean those dirty flues, and while you're at it, if the pipe is rusty or there are loose bricks, now is the time to have them repaired or replaced.

A great majority of the fires in winter are caused by defective flues—flues which have been forgotten in the summer-time.

This is meant to be a gentle reminder so that next winter when you hear the siren on the street you'll know that it won't be your name on the headline.

"Three left homeless by fire caused by defective flue."

PROSPECT CLAS MEETS

A meeting of the Progressive Sunday school class of the Prospect Baptist church was held Monday night at the home of Mr. and Mrs. Paul Kyle in Marion.

Devotions were conducted by Miss Daisy Roberts, assisted by Mrs. Alvin Long. The evening was spent socially and contests were conducted. Guests were Mrs. Harry Lauer and Mrs. Charles Collins and daughter of Marion.

The next meeting will be a picnic July 28.

boss don't have to fire him if he's expelled for any reason other than failure to pay dues.)

6. Trying to charge "excessive or discriminatory" fees for union membership where there is a union shop. The NLRB decides what is excessive.

Some Changes Made

The list of unfair labor practices by employers has been changed in some ways.

For example under the new law the closed shop is banned. That's where none but union members can be hired and all workers must be union members.

Now it's an unfair labor practice for an employer to hire only union members.

The union shop, described above, is permitted only if a majority of all the workers in the plant—not just those voting—vote for a union shop.

"Unfair" labor practices were forbidden as soon as the labor act became law yesterday but government action can't be taken for sixty days, or Aug. 22.

In other words if there's an "unfair labor" practice between now and Aug. 22 no action can be taken until then. But it can be taken then on an action committed between now and then.

Program at LaRue Closes Bible School

LARUE — The vacation Bible school of LaRue Baptist and Methodist churches conducted here the past two weeks closed Friday with a program at the Methodist church and a display of hand work done in the various classes. Certificates were awarded to 68 pupils. Total enrollment was 82.

The program opened with a song service led by Rev. L. D. Parish with Miss Margaret Selanders at the piano and prayer by Rev. C. A. Hutchison. Remarks were given by Mrs. Roy Grimes, program chairman, with short talks on class work by teachers. Musical selections were presented by the nursery, kindergarten and primary classes and a playlet and musical number by the junior group with Miss Phyllis Virden as pianist. The program closed with short talks by Rev. Parish, Baptist pastor and Rev. Hutchison, pastor of the Methodist church. A picnic was held by the Bible school group at the roadside park at noon Friday.

Mrs. Vernon Trimmer, Mrs. Warrel Glass and Mrs. Joe Johnson attended the house party for Baptist women of Ohio held recently at Granville. They went as representatives of the LaRue Baptist church missionary society.

NEVER BEFORE
have you seen such a Washday Miracle!

IT'S TIDE
Procter & Gamble's amazing new discovery!

You've never used anything like it! Tide does what's never been done before — washes clothes cleaner than any soap, yet leaves colors brighter! It's a true miracle of modern science, made possible through wartime research. You'll know it's a completely NEW product the first time you try Tide. Tide's wonder suds billow up instantly, even in hardest water... they look different, feel different! And when you see the amazing job they do, your first package of Tide will change all your old ideas about washday!

ONLY Tide DOES ALL FOUR!

- 1. Washes clothes cleaner!**
Yes, cleaner than any soap made! Even greasy overalls come cleaner! Tide leaves clothes free, not only from ordinary dirt, but from gray, dingy soap film as well.
- 2. Actually brightens colors!**
Yes, dainty washable colors that have become soap-dulled actually come out brighter as Tide makes dulling soap film disappear!
- 3. Never "yellows" white things!**
What a blessing for precious, hard-to-get white things! No matter how often you wash them or how long you store them, Tide can't turn them yellow!
- 4. Gives more suds — Prove it in your dishpan!**
Kind-to-hands suds! Foamer suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic... washes dishes cleaner than any soap! No suds in the water! No greasy ring round the pan! No cloudy film! That's why dishes and glasses rinse and dry so sparkling clear—even without wiping!

Tide GETS CLOTHES CLEANER THAN ANY SOAP MADE — yet actually LEAVES COLORS BRIGHTER

TIDE'S IN-DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

Crestline Women At Cleveland Convention
Special to The Star
CRESTLINE, June 26 — Mrs. Calvin Baker, delegate, Mrs. A. T. Wright, Mrs. O. H. Bollinger, Mrs.

Irene Werner and Mrs. Frey Cromer are attending the state convention of the Woman's Benefit association being held this week at Hotel Carter in Cleveland.

Nimble Thimble club members including Mrs. H. Y. Kime of Wellington held a dinner at a local restaurant and later were guests of Mrs. B. H. Smith at her home northwest of Crestline Monday night. Rook prizes were won by Mrs. Rook Reed and Mrs. E. D. Miller.

Circle four of the First Presbyterian church met Tuesday afternoon at the home of Mrs. Vernon Craig southwest of Crestline.

Knights of Pythias met Monday evening. Past Chancellor Louis Stratton was recommended to the grand lodge of Ohio for appointment as local K. of P. deputy for another year.

Mrs. V. L. Pelters, vice president, presided for the meeting of the Woman's Benefit association held Monday night. Plans were made for a picnic at Hamilton park July 2 for members and their families.

PARTY AT SYCAMORE
SYCAMORE — The culmination of an attendance contest among the members of the Dorcas Sunday school class of the Methodist church was a party held at the home of the losing captain, Marjorie Lee, Monday night. A luncheon was served by the losing side. Miss Rosalind Keisling of Buffalo, Diane Hillier of Postoria, Mrs. Frank Rupp, Mary Kathryn Ludwig and Lydia Ann Kirby were guests.

HETZEL-HEIMRICH VOWS SAID AT UPPER SANDUSKY

Lutheran Church To Be Setting of Wedding Sunday.

Special to The Star
SYCAMORE — Miss Miriam Ruth Hetzel, daughter of Mr. and Mrs. J. Dewey Hetzel of near Sycamore, and Robert B. Heimrich, son of Mr. and Mrs. Fred Heimrich of near McCutchenville were married Sunday at 2.30 p. m. at St. Paul Lutheran church in Upper Sandusky. The double ring ceremony was read by Rev. Howard Yeager, pastor of the church, in the presence of the parents of the two young people.

Their attendants were Miss Eloise Hetzel, sister of the bride, and Nelson Shaffer, cousin of the bridegroom. A reception was held at the bride's home for 25 relatives. Mr. Heimrich, who is a farmer, graduated from McCutchenville High school in 1940 and is a veteran of World War II. The bride graduated from Sycamore High school in 1940 and has been employed at Neumeister's bakery. They will reside for the present with the bride's parents.

**ANNUAL CAR CHECK
TO START TUESDAY**

Traffic Inspection Will Continue Through July.

The annual traffic safety check of the police and highway patrol will begin Tuesday and continue through July. Chief William E. Marks announced today. The annual test will be made under sponsorship and cooperation of the Ohio Association of Chiefs of Police and the state highway patrol. All cars stopped by either agency for any purpose will be given the check. Also any driver wishing to have the check made can do so by contacting any police officer or highway patrolman.

The check will include brakes, horn, headlights, windshield wipers, headlights, tail lights, stoplights, steering apparatus and other safety items. The purpose of the checkup is to make Marion county traffic conscious and thus lessen traffic accidents.

To prevent the same car from being stopped twice for the check a sticker will be placed on the windshield of each tested auto.

In the safety check-up last year more than 20 per cent of the cars tested were found to have driving defects.

HOLIDAY HAMBURGERS... For a hearty July 4th.

By CHARLOTTE ADAMS
Associated Press Food Editor

There'll be lots of fine parties over this Fourth of July weekend. It's always such fun to have the holiday fall thus properly. Fun for everybody—even the cook if things are planned right. Try to have food which can either be cooked ahead or very simply put together at the last minute. Here are dishes which fit both categories:

Fourth of July Hamburgers

1 pound ground beef, 1 tablespoon minced onion, 1 tablespoon Worcestershire sauce, 1 teaspoon salt, 1/2 teaspoon pepper, 1 egg, 3 bacon slices, 3 onion slices.

Mix together ground beef, minced onion, Worcestershire sauce, salt, pepper and egg. Shape into small patties. Place bacon slices in a skillet and cook for about five minutes. Remove bacon from fat and allow to drain or absorbent paper. Brown both sides of onion slices in bacon fat. Put meat patties together, sandwich fashion, with sliced onion between. Wrap a bacon slice around each hamburger "sandwich" and fasten with a toothpick. Arrange hamburgers on heat-resistant dish. If you have one of those new glass platters, it's perfect for the purpose because you can serve the dish forth "as is" from the oven. Place in pre-heated broiling oven about three inches from source of heat. Broil for about eight minutes on each side, turning once.

To give a fine, independence day touch, make a "Drum Salad" by spreading cream cheese between two tomato slices and arranging strips of green pepper around the cheese like the lacings on the side of a drum. Drum sticks are made of celery sticks topped with pitted, unstuffed olives.

You can prepare the following casserole in the morning, store it in the refrigerator, and just pop it into the oven in time to have it ready for company without any fuss. Double the recipe for eight—this is just for the family.

Chicken and Chops Casserole

3 tablespoons butter or chicken fat, 3 tablespoons chopped green pepper, 1 tablespoon minced onion, 1/2 cup flour, 1 cup chicken broth or stock, 1 cup evaporated milk or light cream, 1/2 teaspoon salt, few grains pepper, few grains powdered thyme, 2 cups coarsely crushed potato chips, 1 1/2 cups cubed cooked chicken, 3 tablespoons grated Parmesan cheese.

Melt butter in saucepan. Add green pepper and onion and cook slowly for several minutes. Remove from heat, blend in flour and slowly add chicken broth. Return to heat, stir in milk or cream and cook until thickened, stirring constantly to keep smooth. Add salt, pepper and thyme. Arrange 1 cup potato chips on bottom of a greased 1 1/2 quart casserole. Spread 1 cup chicken over this, then pour on half of sauce. Repeat these layers, then sprinkle top with grated cheese. Bake in a moderate oven (350 degrees) until bubbly and browned—about 25 minutes.

MILKSHED CHANGE

COLUMBUS, O., June 26—A new amendment for the Columbus milkshed—scheduled by the U. S. department of agriculture to be effective July 1—will either boost the retail price of milk or will lower the butterfat content, industry spokesmen declared yesterday. A dealer spokesman estimated the new price formula will mean an increased cost of slightly more than one cent a quart to dealers.

Twenty new automobiles and four new trucks were sold in Marion county during the week ended June 21, according to Calvin Oborn, clerk of courts. During the previous week 24 cars and five trucks were sold, and in the week ended June 10 41 autos and five trucks were sold.

**Galion Pony Show To
Benefit Children's Home**

An all-pony show limited to riders under 17 years of age will be featured at Galion's Fourth of July community program. Sponsored by Buckeye Rangers, Inc., for the benefit of the Crawford county children's home, the show is the first of its kind to be held in this area. The grand entry is scheduled for 12:30 p. m. at the football field at Heise park, Galion. County officials, members of the county child welfare board, and the juvenile court staff have volunteered to assist with arrangements at the show.

More than 100 entrants are expected, according to Alma Shumaker, president of the Rangers. Invitations have been sent to riders and drivers throughout Ohio, Indiana, Illinois and Kentucky. Some of the most valuable ponies in this area, including Col. Leon Robinson's palomino from Dunkirk, have been entered.

Both English and western ponies are eligible. Fifteen events, including novelty races, are scheduled. Among the special features are a square dance on horseback by the Buckeye Rangers, and an eight-in-hand all-pony hitch by Ormsby and Straker of Lima. Miss Marlene Halbert of Iberia will exhibit her trick pony.

Funds from the show will be used for recreational and educational activities at the children's home. In case of rain the show will be held Sunday, July 6.

McGraw To Be Presiding Judge For Little Grand Circuit Race

Veteran of Harness Events Will Direct Marion Program

Joe McGraw and harness racing are a combination as popular to the harness racing fans as coffee and doughnuts are to the ardent drinker.

Again this year the colorful Washington, Pa., track fixture, who has been a top kick in harness racing for more years than he can remember, will be the presiding judge at the Little Grand Circuit races which start at the fairgrounds Tuesday, Frank Foster, president of the Marion Trotting association, announced today.

McGraw handled the Marion assignment when the Marion event was merely a whistle stop for the buggy boys, and has continued to make frequent appearances here since the Little Grand blossomed into national prominence.

With the 1947 event shaping up as the biggest ever, Foster has lined up a sterling cast of officials to aid McGraw in directing the attraction.

Groves and Mercer Coming

Wayne Groves, a former newspaperman from Pinehurst, N. C., and — like McGraw — a veteran figure around the tracks, will be back in Marion after a two-year absence to serve as associate judge. The third luminary in the judges' stand will be W. E. Mercer of Plain City.

Starter for the Marion races will be Paul Young of Waynesfield, O. He is the inventor of a starting gate, mounted on the rear of a pickup truck, that has been hailed as one of the biggest advances in harness racing in recent years. He will be at the wheel of his own creation which prevents the horses from jumping the gun. This will be the first year that the gate has been used in Marion.

The photo finish camera, that ingenious device that erases any and all doubt as to the outcome of a race, will again be standard equipment during the Little Grand stand.

Stake Race for \$2,000

One of the big stake races of the meet will be the 14 class race of the Morris Supply Co. \$2,000 stake event July 13.

Such turf pounding favorites as Barefoot G. owned by Cecil Clark of Union City, Pa., Double Volo, Tiffin horseman Frank Callan's entry, Gabe Abbey, from the C. A. Fawcett stables in Sidney, Janania, pride of the Idle Hour Stables owned by Lou Wickham of Marion, and R. E. Halderman's Victory Dale will try for the purse.

Smitty's Teams Win

Double Shut-Outs

Smitty's Maids and All-Stars turned in double shutouts in softball games last night against Mt. Vernon outfields.

Behind the five hit pitching of Mochel the Maids defeated Mt. Vernon girls, 6-0, picking up runs in the third and sixth innings. Batting honors were shared by Pummel and Hart, as each got two.

The All-Stars jumped on Stones Grill to get a 9 to 0 win. Millior allowed only six scattered hits. A three-run homer by Fritz Walters in the fourth helped Smitty's cause along.

3 GIANT BATTERS BEGIN TO LOOK LIKE OLD MURDERERS' ROW

Mize, Cooper and Marshall May Lead League in Hitting Department.

By JOE REICHLER Associated Press Sports Writer

Johnny Mize, Walker Cooper and Willard Marshall, the thumping trio of the New York Giants, have been slugging enemy pitchers at such a terrific rate that veteran observers have begun to compare them with the famous old murderers' row of the New York Yankees.

At their current pace, Mize, Cooper and Marshall may finish one, two, three in the National league home run and runs batted in championship race. No other trio ever achieved such a feat.

Drive in All Runs

Mize, Cooper and Marshall drove in all the Giants' runs yesterday in their 9-3 victory over the Cubs in Chicago. Each whipped a home run, with Cooper knocking in four runs, Mize three and Marshall two.

Rookies Harry Taylor and Johnny Jorgensen starred for the Dodgers who defeated the Pirates 6-2, in Pittsburgh for the 21st set-back in the Bucs' last 26 games. Taylor limited the Pirates to seven hits, while Jorgensen drove home five runs with a single, double and triple.

Frank Shea, the Yankees' sensation rookie right-hander spun his third shutout of the season when he limited the Cleveland Indians to three hits as the Yankees won 3-0 at night. Billy Johnson and Joe DiMaggio knocked in the runs to delight a Yankee stadium turnout of 60,000 cash customers who boosted the Yankee home attendance over the million mark, 3,018,082—in 31 games.

Scoring four runs in the last half of the ninth, the Cincinnati Reds came from behind to nip the visiting Phillies 9-8. Hugh Poland, recently acquired from the Phils, climaxed the Reds' winning rally with a pinch-hit single. Al Lakeman, who went to the Phils in the deal that brought Poland to the Reds, slammed a two-run homer during a five-run Philadelphia uprising.

Three End Losing Streak

Detroit's slapping Tigers snapped a 10-game losing streak by scoring a 4-3 victory over the second place Boston Red Sox, but lost the second game of the doubleheader in Boston 4-3. Hal Newhouse, hard luck pitcher of the majors, won the opener for the Bengals, spicing nine hits for his seventh triumph against eight defeats. Dave Perlas outlasted Dixie Trout in the nightcap.

The third place Athletics turned back the St. Louis Browns in a night game at Philadelphia winning 4-2 behind Dick Fowler.

Directors of the Cincinnati Reds voted a dividend of \$4.50 a share on the club's 6,000 shares of common stock after last season.

Cubs Return Home Tonight for Big Series With Loop-Leading Dodgers

A crucial five-game series between the second place Marion Cubs and the league-leading Zanesville Dodgers will open at Lincoln park tonight and end with a doubleheader Sunday.

The Cubs are now seven and one-half games behind Manager Clay Bryant's leaders after a none too good road trip to Dayton and Springfield in which they lost four and won two.

Since the two clubs met at Zanesville early in June, when the Dodgers took a three game set, Manager Nelson Burbrink's Bruins have won 15 games out of 23 and jumped from sixth place to second place. However a current Cub losing streak has now reached four games.

The two clubs have met at Lincoln park only once this season with the Cubs winning 8 to 2 as Bill Rosin let the "Bruins" down with only two hits, both doubles that came in succession in the eighth inning. At Zanesville the Cubs have lost all five engagements.

Manager Nelson Burbrink and his gang of hustling Cubs have been looking forward to meeting the leaders for a long time and are desirous of gaining on Bryant's crew. Should the locals take the majority of the contests here this week it would greatly enhance the possibility of holding the Ohio State league All-Star game here. The "dream game", to be played July 26, will be held in the city leading the loop on the morning of July 22. The All-Star team will be picked by the league sportswriters.

The Lincoln park record of the Cubs gives Marion fans hope that the locals may be able to take the series. To date the Marionites have emerged victorious in their home den 19 times while tasting defeat in only 6 contests. The road record, though improving, still reads 9 wins against 18 losses.

To get off to a good start in the Zanesville series, Burbrink

Moose Still Undefeated

After 3-2 Victory

Two Commercial league games were played in city softball last night.

Moose lodge remained undefeated, downing Tong Implement, 3-2, in one of the tightest games played this season. All their scoring came in the third on hits by Wilcox and Tero, one walk, and one error. Tong picked up scores in the fourth and seventh as they tried to even the count.

Although Co. M got 10 less hits than did American Legion they came up with their first victory of the season 16-14. Six errors and nine walks by the Legion nullified their 18 hits. Minor of the Legion hit a pair of home runs and a pair of doubles and home runs were hit by Stinson and Johnson also of the Legion.

INDIANS SPLIT EVEN ON EASTERN TRIP

By The Associated Press

CLEVELAND, June 26—Cleveland's Indians were back home today with six victories and as many defeats for their second eastern trip—a creditable showing since three of the four eastern clubs are first division outfits.

The Chicago White Sox will oppose the Tribe in a one-series home stand opening at the stadium tonight.

The New York Yankees' dazzling freshman, Frank Shea, turned in a three-hit 3 to 0 shutout against the Indians last night.

The Indians' offensive against Shea, who has won nine of 11, consisted of a double by Jack Conway in the third inning, a single by Joe Gordon in the seventh and a safe bunt by George Metkovich in the ninth.

Rookie Bryan Stephens allowed the Yanks only five hits in the seven innings he worked but three of them were bunched in the first inning when the Yanks tallied twice on Bill Johnson's line single to right.

The Yanks collected their other run off Steve Gromek in the eighth when Tommy Henrich led off with a single, took second on a sacrifice and scored on Joe DiMaggio's single.

YESTERDAY'S STARS

By The Associated Press

Pitching, Frank Shea, Yankees—blanked the Indians 3-0 with three hits for his third shutout and his ninth win against two defeats.

Batting, Walker Cooper, Giants—slammed his fifth home run in four days and singled twice to drive in four runs as the Giants licked the Cubs 9-3.

TWO NIGHT GAMES

Two games are scheduled in the Marion Night league tonight. Huber will play Marion Power Shovel in the first and Marion Metal will take on Schlairet in the second. As of Tuesday only one team is still undefeated in the league. It is the Universal Cooler outfit, which was awarded a lay-off this week.

Blues Have Full Five-Game Lead

By The Associated Press

The Kansas City Blues enjoyed a full five-game lead over the pursuing Indianapolis Indians and Louisville Colonels today in the American association scramble by sweeping a doubleheader from fifth-place Minneapolis, 3 to 1, and 2 to 1, last night.

Cliff Mapes, home run with a man on base gave Kansas City its 3 to 1, seven-inning decision over Minneapolis in the opener. Bud Soucek's homer with Mapes on base marked the difference in the nightcap.

Lefty Lou Test's pitching and Ben Guentini's three hits gave Indianapolis a 4 to 1 victory over Columbus. Test gave up six hits. After losing the 10-inning opener to Louisville, 2 to 1, Toledo did some timely hitting in the second game last night to triumph 3 to 2.

In the St. Paul-Milwaukee slugging match, each club used four pitchers with the Saints' Otto Nicholas getting credit for the 9

to 5 victory. Outfielder Eric Tip-top of the Saints, whose seventh inning single brought in the winning run, suffered a shoulder injury when he ran into the fence trying for Carden Gillenwater's double in the ninth.

LOVE'S PERILOUS PATH

By ADELE GARRISON

"If you'll excuse me," I told Mary and Katharine, "I'll go into the sitting room, and get hold of Room Service so there'll be plenty of my 'surprise' luncheon dishes." To include my husband.

"You are very wise," Katharine said, "cavorting my glance, and I knew that she was repressing laughter at my plight concerning Dicky's unexpected breakfast which she had guessed."

"I won't need you back until you announce 'luncheon,'" she went on, "since it is to be postponed for nearly an hour, I'm going to have this girl lie down and rest again. Then she'll be fresh for luncheon and if she stands that festivity, she may lack her lines again this afternoon, after another short post-luncheon rest period."

"All Gaul is divided into three parts," Mary quoted then, "the first part is the head, the second part is the middle, and the third part is the tail."

"We'll let up on them as soon as you're ready," Katharine promised her. "In the meantime, be thankful that I don't keep you in bed all the time."

"Or in a strait jacket," Mary muttered but Katharine pretended not to hear her.

"Need any help, Madge?" she asked me, "functionally?"

"Not a bit!" I told her, going to the door. "I'll let you know five minutes before luncheon is to be served."

Quizzical Smile

"I'll have the table all ready—and the hostess," Katharine promised, and I closed the door on her quizzical smile which Mary did not see.

I went directly to Dicky's room and tapped on the door.

"You don't deserve your luck," I said severely as I entered, "but luncheon won't be served for nearly an hour."

"Why don't you say, 'You greedy pig' and be done with it?" he quizzed.

"Because I'm a lady," I told him loftily, and he hooted.

"I was able to fool Mary," I went on, "with the tale of an unexpected errand and a graphic description of my flagging you in time to keep you from getting any breakfast except a cup of coffee. But Katharine wasn't fooled for an instant. She has a keen idea of the situation."

Quick Alarm

"Will she be eating luncheon with us?" Dicky asked in quick alarm.

"No," I assured him. "You and Mary will eat by yourselves in the bedroom, and Katharine and I will have our luncheon in the sitting room. I'll have the chance to bring her up to date on this newest phobia of Mary's."

"She doesn't know—" Dicky began.

"I've had no chance to tell her," I said, "and I'm hoping that you'll keep Mary so entertained that Katharine won't need to go back until after her luncheon is finished. Of course, you can call either of us if you need to do so."

"I can," Mary's uncle said cockily, "but unless I've deteriorated a lot, I think I can keep the bit from brooding over her troubles while the luncheon lasts."

"Let's hope your colossal conceit is justified," I said, wrinkling my nose at him.

"What you need—" my husband began, moving with a determined eye in my direction—

"Is far different from what I'll get," I retorted, eluding his grasp and going through the door. Remember Mary mustn't guess you're in the hotel for another three-quarters of an hour. Don't dare show your face outside this door until I call you."

A Jeering Child

"Cowardly cuss!" Dicky gibed, in the high falsetto of a jeering child, and I shut the door on him and went to the telephone contacting Room Service and arranging for another portion of each of my 'surprise' luncheon dishes.

I caught up with a number of neglected small tasks in the interval before the luncheon, and ten minutes before the hour I had specified to Room Service, I went to Dicky's room again.

"I'll let you out of your cage now, if you'll behave yourself," I told him. "I'm going to Mary's room, and if Katharine says 'Yes,' I'll take you in."

"For Mary's sake I'll let you go this time," he declared, "but remember, me proud beauty,
